# About us

Two Angels Foundation, Inc., was organized in memory of Allyson and Rachel Mohatt . Both girls were diagnosed with a rare form of muscular dystrophy called Nemaline Myopathy, which ultimately took their lives when they were just five years old. Making the girls' lives as normal possible was their family's primary goal and because of the degenerative nature of the disease, that meant providing them with adaptive equipment so they could attend school and play with others. Obtaining adaptive equipment can be a significant financial burden that, in many cases, is not covered by insurance. Two Angels Foundation helps families in need purchase adaptive equipment for home and school thus facilitating a more active life for children with special needs.

## About the Event

The Miles for Smiles 5K is not only for competitive runners but also for families wanting to share a great outdoor experience. Since its inception in 2007, Miles for Smiles has continued to attract more competitors every year. Following the 5K, there is a 50-yard Adaptive Dash where children will show off their speed using their adaptive equipment to walk, roll or ride to the finish line. This special event is a huge hit with spectators and participants alike.

# Our Runners

Over half of our runners reside in the north and west suburbs of Denver. Arvada, Broomfield, Denver, Lafayette and Lakewood are most represented, although runners from all across the metro area participate.

- 65% women/35% men
- 18% under 20 years of age
- 49% ages 20 to 50
- 33% over age 50

# Sponsorship

Included below are the various partnerships available. We welcome your consideration and would be happy to discuss all of our partnership opportunities with you and how they can best be structured to meet your company's specific needs. Please join us in helping make a meaningful difference in the lives of our children.
