

# Project Worker

## Electric Cargo Bike Delivery Service

**Salary:** £11 per hour

**Location:** Strathaven

**Hours:** Part time (hours to be discussed)

We are looking to recruit a key team member to help us set up and run our Electric Cargo Bike Delivery Service.

Our Electric Cargo Bike Delivery Service is a community-based project, which aims to make local retailers even more accessible to their customers, whilst replacing many of the car journeys usually required to transport goods locally.

This concept has been increasingly popular across the UK with tried and tested models in rural and urban areas that have benefited both community members and local businesses, whilst reducing carbon emissions.

You may have a retail, food or hospitality background, or you may not. Whatever your background, your role will be to develop the service and expand its reach and impact. To do this, you will need to be a problem solver, have strong relationship building skills and build trust and credibility easily. This role requires a flexible and organised individual who can take responsibility and multitask to maximise opportunities.

If you are passionate about providing a great service to our community and believe you have the skills to ensure the Electric Cargo Bike Delivery Service is a great success, we would love to hear from you.

Please send your CV and a covering letter (no more than 2 sides of A4) to us via email at [info@castrathaven.org](mailto:info@castrathaven.org)
