

Conflict Minerals Policy

5/15/2018

Nationwide Circuits is committed to taking the steps necessary to comply with the Dodd-Frank Act and SEC rules relating to the reporting of conflict minerals. It is Nationwide-Circuit's policy to not manufacture printed circuit boards containing conflict minerals originating in the DRC or adjoining countries listed in section 1052 of the Dodd-Frank ACT.

While it is impossible to know with 100 percent certainty the origin of all the materials processed by our primary suppliers, our suppliers are professional and highly regarded in the precious metals industry and we believe that the chances are remote that conflict metals are being processed.

Current PM Suppliers:

Technic Inc. (Au.)
Metallic Resources Inc. (Sn)

Sincerely,

A handwritten signature in blue ink that reads "Brett".
