

# SHOUT OUTS

Yardley Court Owners:

There are many owners who make a difference with contributions made to keep Yardley Court more beautiful each day-and we may not be aware. But let us start noticing and thanking them for each of their efforts.

Let us recognize Terry Waldman from 8720! Thank you for painting and relocating the beautiful butterfly metal art which you painted and relocated to the club house garden. Also, by adding solar lights, we can enjoy the butterfly's aura longer each day.

A shout out goes to Nacho Lay from 8750 for assisting a resident to get her car battery working. Unfortunately, the car was in the garage and the charging cables Nacho had could not reach the front of the car. But Nacho was not discouraged, he went to the store and bought new, longer cables that would reach the front of the car! He charged the car's battery and she was able to drive to her destination. Thank you, Nacho, for always making time to help someone in need.

Thank you Hessam Sarooghi from your 8720 neighbors for your help during a power outage in the common areas on the north end of our building. He made a trip to Lowes to get some emergency lighting for the darkened hallway and helped trouble shoot the problem with the electrician.

If you have a "**Shout Out**" you wish to share, please contact Diane via email at [dcsumner1@gmail.com](mailto:dcsumner1@gmail.com) Please submit your "shout out" at least one week prior to the next board meeting on July 7, 2025.
