

What are prefilled tags?

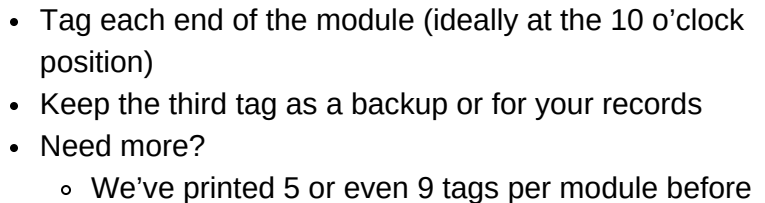

Why use them?

- No writing required in the field.
- Records created automatically at the scale.
- Reduces manual errors
- Full digital back up.

How do they work?

- You fill out the Producer Update Sheet
- We estimate how many modules you will have for each field.
- We print 3 tags per module
- Tags are spot-check for accuracy during printing

Why 3 Tags?

Custom Options

Want your tags to include:

- Variety
- Custom harvester
- Harvest method

Let us know, we'll print it or provide a special tag to include what you need

Extra Notes

- Extra prefilled tags can't be reused
- If you drive through the scale, tags left in your truck will scan at the scale, no harm done, let us know and we can clear the record before the next truck.
