# THE ECLIPSE SERIES

@antoniboggati

"The Eclipse Series" is a series that combines exaggeration, elegance, and luxury.

[www.genty-automobile.com](http://www.genty-automobile.com)

" Nothing great has ever been accomplished in the world without passion."

Genty Automobile 47 bis, avenue de Vichy 03270 Saint-Yorre - France

The luxury Hypercar made in France, AKYLONE is the ultimate expression of automotive pleasure and passion. A piece of art and collector's item aimed at an ultra-limited production that only an elite can boast about acquiring.

In Saint-Yorre – Allier, October 2021 - Genty Automobile is delighted to present its finished rolling prototype of the AKYLONE. AKYLONE is the first model of SA Genty Automobile, a new French luxury vehicle manufacturer. This project consists in the design and production of a sports vehicle of the "hypercar" type, a vehicle whose horsepower is written with 4 numbers, to promote new technologies.

His passion for cars combined with his strong expertise in advanced composite materials, has led Frédéric Genty to realize and share his vision of an outstanding vehicle, with very high level performance and an uncompromising design. AKYLONE wants to provide a very original product to customers in a rapidly expanding luxury cars market where excellence, scarcity and the "soul" are keywords.

This team was inspired by the world of destination weddings in the Bahamas where love meets the allure of an island paradise, so they styled wedding fashion images juxtaposed with soft sands and the soothing sound of waves crashing on the shore for a visual journey through the beauty of the Bahamas. These photos captured pure magic!

# three KIDS' rooms

Unveiling the Creativity: Reflecting  
Personal Style in the Kids' Room

## ROXY, 6 YEARS OLD COPENHAGEN, DENMARK

Mia's cozy room is infused with warmth and a touch of nostalgia. Designed with a palette of inviting, warm hues, it creates a comforting and timeless atmosphere. Similar in essence to her brother Arthur's room, it offers a space that encourages playfulness, creativity and imaginative adventures.

Welcome to Roxy's vibrant sanctuary in Copenhagen – a room that radiates with her lively personality and boundless creativity. Painted in a playful mix of bright colours, this vibrant space reflects Roxy's love for self-expression.

Toys, dolls and homemade art pieces – many of them in Roxy's preferred shade of pink – add a personal touch. Cherished mementos and trinkets showcase Roxy's love for crafts and her artistic flair, bringing life to the space and turning it into a gallery of her creative journey.

“My room has pink floors, purple walls and a turquoise ceiling. They are my favourite colours and I chose them because they're beautiful. My favourite spot in my room is the cosy corner where I like to play with my LOL dolls or my Hello Kitty teddy.”

“I like to play, colour and sometimes even bike in my room. My favourite thing in my room is my big, giant globe with animals on it. I like to lie on it and roll around!”

# HOTEL NORMANN

Courtyard Lounge

Burra Lounge

As you ascend the stairs to the second floor, a space of comfort and relaxation awaits in the form of the Rope Lounge area. Embracing the essence of the hotel's overall color palette, this area elegantly showcases hues of brown, cream, mint, and dark green, enveloping the space in an inviting ambiance.

Immerse yourself further in the embrace of nature as you venture into the hidden courtyard, the sun-drenched green oasis within the hotel. Discover the new Vig outdoor collection, thoughtfully arranged to offer a casual seating area for you to relax. As you transition from the relaxed ambiance of the courtyard, you'll discover a lounge area that blurs the lines between indoor and outdoor.

# Staffa Pedestal

Inspired by the unique volcanic rock formations found on the ancient island of Staffa in Scotland, the Staffa collection features a series of bold furniture pieces. Paying homage to their namesake, which means pillar in old Norse, every piece is crafted entirely from glass fibre reinforced concrete, using an innovative casting process that provides each item with a rough, uneven shape reminiscent of blocks of carved stone. Suitable for both indoor and outdoor use, the Staffa Pedestal presents an intriguing piece that blurs the line between art and functionality. Use it as a plinth to elevate your favourite lamp or piece of art and watch as it naturally sparks conversation.

**“A home, after all, is much more than a collection of beautiful objects –  
it’s the place where life happens.”**

Life is full of contrasts. As we navigate expectations and dreams in search of meaning and comfort, we long for a balanced life with room to be ourselves. A place where we can realise the true value of things and feel at home. Based on a passion for authentic design and with responsibility at the heart of every choice we make, we create honest products and calm environments that inspire you to balance the contrasts in life.

From our home in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. Our collections are defined by soft forms, rich textures and curious details that let you create composed atmospheres with a touch of the unexpected. From materials and processes to production and delivery, we challenge ourselves to help shape a sustainable future, making it easier for you to make responsible choices. We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.
