

THE BROKER

EPISODE 5: "THE NETWORK"

A second chance comes with a cost.

You wanted a second chance.

Banking is broken.

Borders slow everything.

Welcome to the future.

The problem wasn't local... it was structural.

The question that always matters.

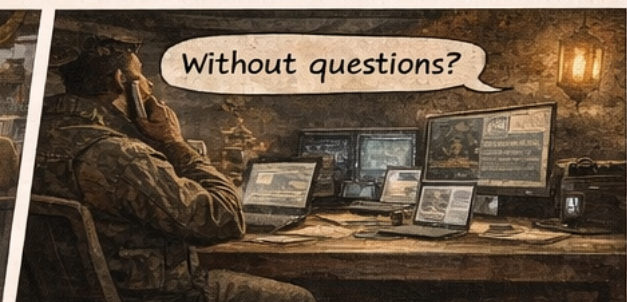

A digital currency.

Controlled by whom?

The system begins to take shape.

Without questions?

The wrong people were already listening.

The wrong people were already listening.

But power had already found him.
