Names and numbers

You are not alone.

“There exists among us a fellowship, friendliness and an understanding which is indescribably wonderful.”

“The feeling of having shared in a common peril is one element in the powerful cement which binds us.”

“The tremendous fact for every one of us is that we have discovered a common solution. We have a way out on which we can absolutely agree, and upon which we can join in brotherly and harmonious action. This is the great news this book carries to those who suffer from alcoholism.”
