COURSE DESCRIPTION

This is a 5-day course designed for patrol officers, investigators, crime prevention personnel, and individuals in fields related to ag security to develop an expertise in rural crime in California and throughout the United States. The student will learn skills needed for effective rural crime prevention, reporting, investigation and issues seen involving agricultural crimes. The course includes a wide variety of topics (see agenda) with lecture-based courses, field exercises, and on-site and hands-on instruction. The is not a P.O.S.T. certified course and is open to individuals and companies in the private ag security sector in addition to law enforcement. We also welcome out-of-state student participation.
