“We hired Chris to cater Mother's Day & my husbands 40th Birthday Party. We had a group of 20, and everything Chris made was a HIT! He was extremely easy to work with, and took great care of us. He came to the site prior to the event to lay-out where things would go, and talked through the menu. All of the food was delicious, but my favorite was the asian style pulled pork. Clean up was a breeze, and I will absolutely hire Chris and Harbor Caterers for our next family gathering”

“We have been using Chris and his team for the last 5 years for a BBQ we have for our new physicians once a year. Every year he makes it super easy and smooth and the food is always great! Especially the burgers! He's reliable, open to suggestions and our needs. Super friendly guy which makes it even better also. Would definitely recommend him to others!”
