Steve Oyer, Port Washington - 5 Star - Yelp - Wonderful experience with Chris and his team. They catered our family reunion barbecue at PW Estates beach and everything was smooth sailing. It was easy to plan, the food was a hit and the service top notch. I would recommend Harbor Caterers for a stress free event that will be remembered and appreciated.

Holly W, Port Washington - 5 Star - Yelp - Amazing experience with Chris and Harbor Caterers. I called him just a few days before my daughter's Sweet 16 to cater a BBQ for over 30 people. He came right on time with 2 terrific helpers. The food was plentiful and delicious. Everyone at the party complimented how great the food was. I would highly recommend this to everyone, and would definitely use them again!

Meredith J, Manhasset NY - 5 Star - Yelp - We hired Chris to cater Mother's Day & my husband's 40th Birthday Party. We had a group of 20, and everything Chris made was a HIT! He was extremely easy to work with, and took great care of us. He came to the site prior to the event to lay-out where things would go, and talked through the menu. All of the food was delicious, but my favorite was the Asian style pulled pork. Clean up was a breeze, and I will absolutely hire Chris and Harbor Caterers for our next family gathering.

We had Chris and 2 employees come and BBQ for my daughter's first birthday party with 17 adults and 10 kids. It was perfect. They handled everything, let us customize the menu to fit our needs and everyone was super polite and friendly. The food was great! Will definitely use them again.

We have been using Chris and his team for the last 5 years for a BBQ we have for our new physicians once a year. Every year he makes it super easy and smooth and the food is always great! Especially the burgers! He's reliable, open to suggestions and our needs. Super friendly guy which makes it even better also. Would definitely recommend him to others!

"Chris and his team saved the day! We were planning a surprise party for my mom, we wanted something low key but elegant and most importantly tasty. Harbor Caterers came to the rescue. They were punctual, efficient, helpful. Chris was so easy to work with and his workers were excellent. I cannot recommend them enough, my husband is already trying to plan another party just so we can use them again!

Chris and his staff did a wonderful job for my husband's 80th birthday party. The place looked festive and the food was delicious. His staff was pleasant at all times. Thank you for making the party such a success.

When we decided to have a party for 60 guests I thought that it'd be a stressful and chaotic experience as the host! It turned out to be the total opposite. Chris and his crew took care of everything. Not only that but he did it with a smile and the food was amazing. Everyone raved about the pulled pork and hamburgers. Chris also got us an amazing bartender who served great cocktails. I highly recommend Harbor Caterers for your next party. You'll get a first class experience and a reasonable price. My one complaint is that Chris didn't insist I order the Oreo Surprise dessert which is out of this world. Thanks for everything Chris!!

Our experience with Chris was one of the best we've experienced. He made it so easy to organize a party for 70+ people...he definitely knew what he was doing and served some awesome food. Would definitely use Chris for future events. Thanks for a great party Chris!

Chris did an amazing job catering a barbecue at my home for my work colleagues, their significant others and families. There were about 30 people in attendance (including kids), and they were all raving about the food and the service. Even in a driving rain, Chris made the whole process easy by coordinating the delivery of tents. The menu's variety was impressive and the quality of the food was top notch! Thanks so much Chris!

Chris and his team were efficient and took extra care to understand the specific needs of our event (a memorial reception). They handled all aspects, from food and drink to seating arrangements and dressing the location appropriate to the occasion. We had a limited amount of time to plan the event, and Chris took the extra time to walk the space and make suggestions that created the right atmosphere. I highly recommend Harbor Caterers.

Food was wonderful and everyone loved it. Very friendly and helpful staff helped to make our party a success. We have around 65 people for a Wedding Celebration and all went well. Would definitely recommend Chris to anyone!

Chris - thanks so much to your team.. Chris and Ahmed were great and the food was fantastic!!!! Some of the best burgers around! And, apparently, the hot dogs were also phenomenal! Looking forward to eating some leftovers today... The party was so much more enjoyable since we didn't have to worry about the food... We will most definitely be in touch for next year's party... Thanks again, Robyn & Michael
