2016 Malbec

Vineyard

Our vineyard estate sits at an altitude of 1,300 feet in the Mayacamas Mountain Range. It benefits from the cool, evening Pacific Ocean breezes and receives early morning sun as it is above the fog line. The Malbec clone 595 is grafted onto 110 R rootstock.

Winemaking

The grapes were fermented in one ton, insulated fermenters and manually punched down, by the owner, 3-4 times per day. Fermentation lasted 8-14 days and then basket pressed. The young wine was transferred to oak barrels for the completion of primary and secondary fermentation.

Estate Grown and Bottled
Sonoma County
Fountaingrove District
Artisanal Production
133 cases produced

Technical Data

- Alcohol 14.7%
- pH 3.72
- TA 0.64 g/100ml
