

## 1965 Shelby GT350 Tribute

This Wimbledon White w/Blue Body Stripe Shelby GT350 is accurate in every detail to the originals produced by Carroll's team. There has been no expense spared in the building of this vehicle. The exterior, interior, suspension, and drivetrain is authentic in looks, function, and characteristics of this nearly 60 year old classic.

Features of this '65 Shelby tribute include a high performance 289 V8, Hi-Po K-Code cylinder heads (#19), SS Manley valves, Crane roller rockers, Isky camshaft, Shelby intake, Holly 750 CFM 4 barrel carburetor, custom 2 into 1 stainless long tube headers, 4-speed Top Loader manual transmission, front disc brakes, rear seat delete with Shelby spare, Shelby suspension, finned aluminum Shelby oil pan, Cobra finned aluminum valve covers, and engine balanced and blueprinted producing 306 HP. As noted on the Vehicle Options documentation below, and as depicted on the many photos, this '65 Shelby tribute was purposely fabricated using the best and authentic Shelby components by Everett Roy Sparks in Westlake Village, CA (circa 1993).

### **Vehicle Options are as follows:**
