

Steps to Study the Bible

1

CHOOSE A BIBLE VERSION WITH PRAYER!

Before you choose a Bible Version, you should pray about it. It is important that you understand what the differences are between Bible versions (For example: What texts are these Bible versions based on?).

The Bible versions we recommend are:

- King James Version
- New King James Version

2

PRAY BEFORE YOU READ THE HOLY BIBLE!

Before you begin to read the Bible, ask God to help you to understand His Holy Word.

3

UNDERSTAND THE CONTEXT

Before you begin to read the Bible, make sure you understand the context of what you are reading. For example: who wrote a particular book in the Bible and why? A book we recommend to help you with this is titled: "Exploring the Scriptures" by: John Phillips.

4

JOURNAL AND APPLY SCRIPTURE

We recommend that you write down what you have learnt in a journal. This will help you to keep track of what you have read and this will enhance your Bible study. Importantly, you should ask God to help you to apply the Scriptures into how you conduct your daily life.
