

STAMPIN'
UP!

Annual Catalog

MAY 2024–APRIL 2025

there's meaning in small moments

Think about what happens when you catch a glimpse of a friend's smile from across the table, laugh with them until your stomach hurts, or get a hug when you need it most. These experiences fill us with joy.

Stampin' Up! is here to help set the stage for happy moments to happen naturally and more often. Our demonstrators have been bringing people together for over 35 years and we know that those creative experiences foster friendships that build community.

The pages that follow are filled with products . . . opportunities to create meaningful moments and experiences to share with others. We hope it's easy to find what you need—any time. Maybe it's a Step-by-Step project, where everything's ready for you to jump right in with a friend. Or perhaps you have a larger gathering and need Quick & Easy options you can mix and match with essentials. Or you might want to craft the day away with Creativity Your Way to make something special with someone special.

In the same way joy is multiplied through connection—making something is more meaningful when you share it. It's almost as if you send a piece of yourself when you send a card—it becomes a hug with a fold in the middle. And when you craft with friends to learn a new technique, you also enjoy lasting memories. It's times like these when we build community.

Come along with us and embrace the moments that make you happy as we create meaningful experiences, connection, and community.

stamp & SHOUT!

Stamps are our bread and butter—we just can't get enough of them! Whether you use photopolymer or cling, each image you ink and press onto your paper will come to life with our carefully designed and artfully detailed stamps.

Cling

Our red rubber cling stamps are a great choice for getting sharp, detailed images on your paper crafts.

Photopolymer

Photopolymer stamps are the best way to get precise placement, every time. The transparent design makes it easy to line up your stamp exactly where you want.

double PLAY

Clear Reversibles stamps have images on both sides for more artistic options! Use one side by itself or layer it with the other side. You can see through them, making placement easy.

color theory

We love color! But we love it even more when it just works. So, what's the secret? You could say that how we mix, coordinate, and contrast color makes all the difference. We put together this color wheel to show the relationship between the colors that we love so much.

*Be a color explorer!
What new color combinations will you try?*

Play with color in your crafting!

monochromatic

Just starting out? Choose one color that you love and pair it with shades and tints of that same color. Your colors will always match!

PETAL PINK + CALYPSO CORAL

LEMON LIME TWIST + GRANNY APPLE GREEN

HIGHLAND HEATHER + GORGEOUS GRAPE

complementary

You know what they say—opposites attract! Try pairing colors that are opposite each other on the color wheel to create a fun, bold contrast.

CAJUN CRAZE + COASTAL CABANA

LEMON LOLLY + BUBBLE BATH

GARDEN GREEN + FLIRTY FLAMINGO

analogous

Choose three colors that are side-by-side on the color wheel. These color neighbors work together wonderfully to create harmony and balance.

REAL RED + CALYPSO CORAL + PETUNIA POP

BLUEBERRY BUSHEL + SUMMER SPLASH + OLD OLIVE

AZURE AFTERNOON +
BLACKBERRY BLISS + FRESH FREESIA

triadic

Craft with colors that are evenly spaced around the color wheel. Go beyond the primary colors (red, yellow, and blue) for something unexpected!

SUMMER SPLASH + PEACH PIE + BERRY BURST

BLACKBERRY BLISS + COPPER CLAY + MOSSY MEADOW

FRESH FREESIA + WILD WHEAT + PRETTY PEACOCK
