I28	John	Hegarty	M		8-Oct-1797	31-May-1846	Notes for JOHN HEGARTY: Some spell his name as Hegarty, some is Hagarty. He came with his father and family to the United States when he was about 11 years old. He was the fourth son of Samuel Hegarty. In youth he received a fair education, principally from his father and after he grew up, he settled on the tract of land, in Beccaria Township, which is now known as the X Roads farm. With the assistance of his father he bought this tract of land in the year 1820, from a man named Hardman Philips. The tract consisted of one hundred and thirty acres, was then in it's native wild state and he began to clear and improve it. His first building was a small log cabin, but he afterward built a log house of considerable size. After he married he purchased three hundred acres in what is now Geulich township, and these two tracts comprised his estate. He continued to live at the X Roads and improve his farm; but, losing his health, he died leaving a family of four children. [brandon12-13.FTW]
