## WHAT IS DRIFTERS RC?

DRIFTERS RC is a single patch Riding Club, with AMA status. We accept both men & women into the club.

While we emphasis on ADV style, most members also ride cruisers as it's more comfortable when traveling with our partners. You do NOT have to have an ADV bike to join or ride with us!

Laid back club to promote and take rides is what you'll find here.

We are a family friendly COED group. Meaning family is always welcome to any event/meeting/ride.

Are you new to ADV bikes? Or maybe looking for a group to go on ADV trips with? DRIFTERS R.C. might be what you're looking for!

---

*Don't ride and ADV bike?  
That's fine, several DRIFTERS  
members don't! We take many  
rides and adventures catered  
to on-road only bikes as well!*
