HIPPA Information & Consent Form

The Health Insurance Portability and Accountability Act (HIPPA) provides a safeguard to protect your privacy. Implementation of HIPPA requirements officially began on April 14, 2003.

What this is all about: Specifically, there are rules and restrictions on who may see or be notified of your Protected Health Information (PHI). These restrictions do not include the normal interchange of information necessary to provide you with office services. HIPPA provides certain rights and protections to you as the patient. We balance these needs with our goal of providing you with quality professional service and care. Additional information is available from the U.S. Department of Health and Human Services. www.hhs. gov.

We have adopted the following policies:

- 1. Client information will be kept confidential except as is necessary to provide services or to ensure that all administrative matters related to your care are handled appropriately. This specifically includes the sharing of information with other healthcare providers as necessary and appropriate for your care. Patient files may be stored in open file racks and will not contain any coding which identifies a patient's condition or information which is not already a matter of public record. The normal course of providing care means that such records may be left, at least temporarily, in administrative areas such as the front office, examination room, etc. Those records will not be available persons other than office staff. You agree to the normal procedures utilized within the office for the handling of charts, client records, PHI and other documents or information.
- 2. It is the policy of this office to remind clients of their appointments. We may do this by telephone, e-mail, US mail, text, or any means convenient for the practice and/or as requested by you. We may send you other communications informing you of changes to office policy and new technology, as well as our office promotional material that you might find valuable or informative.
- 3. The practice utilizes a number of vendors in the conduct of business. These vendors may have access to PHI, but must agree to abide by the confidentiality rules of HIPPA.
- 4. You understand and agree to inspections of the office and review of documents which may include PHI by government agencies in normal performance of their duties.
- 5. You agree to bring any concerns or complaints regarding privacy to the attention of the office manager or the doctor.
- 6. We agree to provide client's access to their records in accordance with state and federal laws
- 7. We may change, add, delete, or modify any of these provisions to better serve the needs of both the practice and the client.
- You have the right to request restrictions in the use of your protected health information and to request change in certain
 policies used within the office concerning your PHI. However, we are not obligated to alter internal policies to conform to
 your request.

1,	date	do hereby consent and
acknowledge my agreement to the ter policy. I understand that this consent	ms set forth in the HIPPA INFORMATION FO shall remain in force from this time forward	PRM and any subsequent changes in office

Maricopa Wellness Center

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

Your Information. Your Rights. Our Responsibilities.

Your Rights

You have the right to:

- Get a copy of your paper or electronic medical record
- Correct your paper or electronic medical record
- Request confidential communication
- Ask us to limit the information we share
- Get a list of those with whom we've shared your information
- Get a copy of this privacy notice
- Choose someone to act for you
- File a complaint if you believe your privacy rights have been violated

Your Choices

You have some choices in the way that we use and share information as we:

- Tell family and friends about your condition
- Provide mental health care

Our Uses and Disclosures

We may use and share your information as we:

- Treat you
- Run our organization
- Bill for your services
- Help with public health and safety issues
- Do research
- Comply with the law
- Address workers' compensation, law enforcement, and other government requests
- Respond to lawsuits and legal actions

I acknowledge receipt and understanding of my rights.
