COMPANY PROFILE  
**PT. Pancapermata Wiranusa**

# Corporate History

## Quality

**We produce outstanding products and provide unparalleled service to deliver the best value to our clients**

## Commitment

**We are dedicated to fostering positive relationships with our clients every step of the way**

## Integrity

**We uphold the highest international standards and best practices in all our operations**

## Our Humble Beginnings

PT Pancapermata Wiranusa proudly embarked in 1992 as an Indonesian manufacturing company specializing in ready to wear garments for ladies and men. With 40 production machines and a modest staff strength of 70 full time employees, we have worked hard and expanded to more than 125 machines and 200 full time employees.

In 2002, the company shifted its focus to establishing itself as a major exporter to the Middle East in response to promising market growth in the region.

## Our Current Offerings

Based in Jakarta, we are recognized as one of the most reliable and trustworthy export companies in the region. Our key clients hail from the Middle East (Dubai, Kuwait and Saudi Arabia), Europe and the United States of America.

With our stellar expertise in the garment industry that we have honed over 25 years, our qualified team provides the following services:

- Supply chain management solutions
- Material sourcing and manufacturing
- Design development

## Our Future Plans

We re-entered the domestic market in 2017 in response to strong local demand to distribute T-shirts, Polo Shirts and Blouses. Our knitted wear capacity of 50,000 pieces per month will be increased to 200,000 pieces per month by 2019.
