WARRIOR EQUIPMENT LIST

勇敢享受世界

BE BRAVE, EXPLORE BRAVELY

ARCANE WARRIOR is born from a reverence for bravery.
We firmly believe that true adventure begins with fearlessness and is proven through every step forward.

Whether traversing rugged mountain trails, rushing rivers, vast grasslands, or the boundless starry sky...
We want you to feel the unique charm of nature as you stand side by side with ARCANE WARRIOR.
Bravery is not just a spirit—it is a way of life. It is breaking through all constraints to embrace pure freedom and exploration in the face of every challenge and adventure.
We are the courageous warriors of our own lives, endlessly transcending our limits.
To embark is where purpose lies.
On the journey, we discover true brilliance, soul-stirring moments, exquisite marvels, and unforgettable experiences.
May the spirit of ARCANE WARRIOR accompany you, inspire you, and ignite your courage and passion, no matter how many times you set forth.

Salute to:
The unyielding will to live, The undying flame of passion and courage, And the immortal dreams of heroes.
Let us bravely enjoy the world together!

For all

勇敢享受世界

SEE BRAVE, EXPLORE BRAVELY

ARCANE WARRIOR was founded in 2020 by Gu Qi, a seasoned overlanding enthusiast and travel photographer. Driven by his passion for automobiles and yearning for outdoor freedom, he established the ARCANE WARRIOR brand to symbolize liberated outdoor enthusiasts who, like warriors, embody bravery, resilience, and passion. As a pioneer defining automotive outdoor culture, ARCANE WARRIOR has created a new frontier by specializing in designing and developing professional automotive outdoor equipment. Our products enhance vehicle capabilities, expand outdoor living scenarios, and elevate adventure experiences across seven core categories: vehicle expansion systems, vehicle storage systems, automotive camping systems, outdoor storage solutions, rescue equipment series, apparel & accessories, and cultural merchandise. Currently compatible with mainstream off-road vehicles, SUVs, and pickup trucks, we particularly emphasize developing camping solutions for electric vehicles.

We have further pioneered the automotive lifestyle concept by infusing fashion and innovation into automotive culture, catering to contemporary youth's pursuit of individuality and distinctive style. This expansion has diversified our product range from pure outdoor gear to trendy automotive lifestyle products.

Moving forward, ARCANE WARRIOR will continue expanding its product lines while integrating cultural and aesthetic elements, empowering automotive outdoor enthusiasts to better enjoy their adventures and embrace life's beauty. We are committed to becoming a world-famous original outdoor brand that leads global trends in automotive adventure culture.

VEHICLE EXPANSION

Vehicle Expansion Solution

The new generation Vehicle Expansion Solution features a versatile and adaptable modular cargo system, empowering your vehicle to conquer every outdoor scenario.

This integrated system combines roof platforms, pickup truck beds, climbing ladders, and other expansion components to effortlessly maximize utility space. It maintains rugged load capacity while unlocking new possibilities for adventure customization.

Redefining the benchmark for vehicle expansion, this system sets the stage for extraordinary journeys in automotive outdoor exploration.

DEDICATED TO AUTOMOTIVE ADVENTURE

Rooted in the philosophy of "Vehicle as Your Ultimate Outdoor Connector," ARCANÉ WARRIOR reimagines automobiles from mere transportation to lifestyle enablers. We craft modular expedition systems for hardcore off-road rigs, electric SUVs, pickup trucks, and overland wagons, empowering owners to seamlessly integrate gear for cycling, fishing, SUP excursions, and cross-country exploration.

Every bolt-on component—from racks to mounts—is engineered to carry specialized equipment, transforming your vehicle into a mission-ready hub for limitless outdoor pursuits. We're building end-to-end adventure ecosystems that redefine how vehicles interact with the wild, one scalable solution at a time.

COMPATIBLE WITH Compatible with

Hardcore off-road rigs

Electric SUVs

City SUV

Pickup trucks

Overland wagons

Sedan MPV

STORM

Inspired by the majesty of storm winds, and realized through the "Wing of the Storm" emblem, the STORM series is a portable, lightweight construction, agile adaptability, and mission-specific versatility. Featuring a comprehensive vehicle integration system with expanded product derivatives. The STORM series has a comprehensive vehicle loading and unloading derivatives, and is widely adaptable, allowing car outdoor enthusiasts to have better basic loading equipment and enrich their outdoor life.

ROOF PLATFORM

Roof Platform

The roof expansion system unlocks new possibilities for the latest generation of vehicles. With compatibility for over 100 mainstream models, our platform meets diverse consumer demands. Its drill-free installation ensures zero structural compromise to your vehicle—truly damage-free.

Enhance your travels with our extensive range of platform accessories, available in customizable configurations. Whether you need bike racks, ski carriers, or cargo boxes, we deliver tailored solutions.

The innovative adjustable crossbars feature customizable spacing for enhanced load stability and optimized cargo capacity. Crafted from high-strength materials, this system withstands extreme conditions through rigorous testing.

Pioneering Design: Wing of the Storm · Iconic Brand Symbol

As an ARCANEWARRIOR original, this groundbreaking design debuts globally innovative tailgate patterns via inkjet printing technology with UV-cured coating. The Wing of the Storm emblem symbolizes "soaring wings in motion," transforming every vehicle into a dynamic kinetic statement.

Lightweight Design, Maximizing Every Gram

The all-aluminum platform achieves a streamlined 50.7 lbs, equivalent to a fully packed suitcase. Designed for solo lifting, it reduces vehicle payload while enhancing energy efficiency on the road.

Customised for each vehicle, non-destructive installation

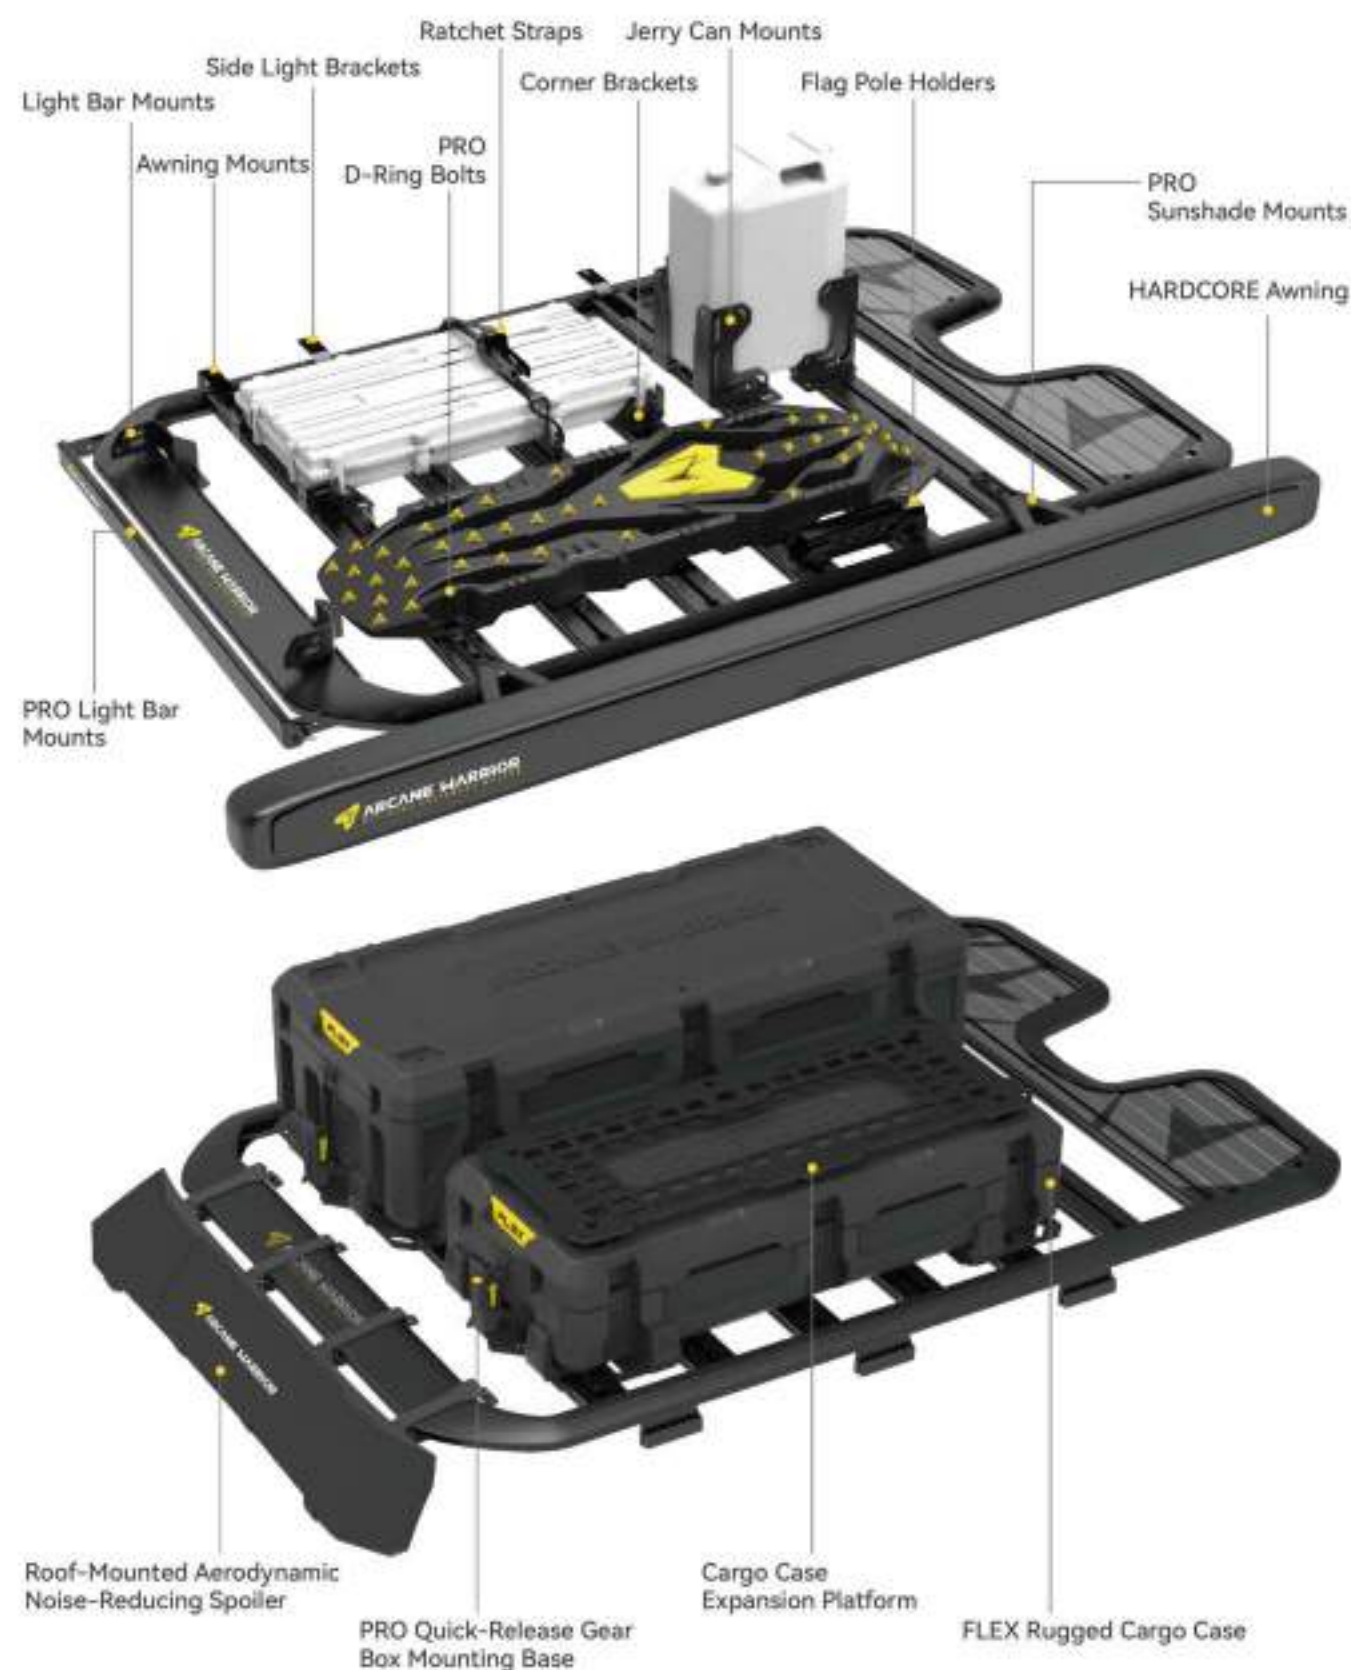

Precision-molded using 3D-scanned OEM data to match the exact body contours. Installs without structural modifications—stronger and safer by design.

Select models may require alternative materials due to factory design limitations.

► 1+N Scalable Expansion

Customize your setup with an extensive range of platform accessories to meet diverse expedition needs.

► Compatible Accessories

Customize your setup with an extensive range of platform accessories to meet diverse expedition needs.

Compatible: Roof Top Tent

A portable camping solution mounted on vehicle roof racks, designed specifically for outdoor enthusiasts. Unlike traditional ground tents, roof top tents anchor securely to roof rails, maximizing your vehicle's space potential.

Compatible: Roof-Mounted Fishing Rod Carrier

A vehicle-top mounting system designed to securely transport fishing rods during road trips and angling expeditions.

Compatible: Vehicle Water Tank

A new generation onboard water storage system engineered for outdoor adventures, camping trips, and long-distance journeys—delivering convenient water supply solutions.

Roof-Mounted Aerodynamic Noise-Reducing Spoiler

Reduces wind noise for quieter cabin comfort. UV-resistant finish prevents fading and deterioration. Distinctive 3D design stands out from generic alternatives.

Compatible: Roof-Mounted Bike Rack

Specifically designed for vehicle roof installation to maximize cabin space. Ideal for cycling enthusiasts and users requiring long-distance bicycle transport.

Compatible: Shovel Mount

A dedicated carrying system for secure shovel storage during outdoor adventures, off-road trips, or construction work. Provides quick access while saving interior space.

Flag Pole Mount

1-second setup, 2-step removal. Compact and lightweight for easy storage. Minimal roof platform space required.

D-Ring Anchor

Secures through pre-slotted platform mounting points. Compatible with ratchet straps for added tensioning.

Corner Bracket Set

Optional accessory for multi-functional roof rack systems. Secures equipment cases, fuel cans, and other gear. Requires D-ring anchors at all four corners for proper installation.

Compatible with Common Accessories

Easily transports bicycles/fishing gear/tents/cargo cases/skis and other off-road essentials—freeing up trunk space.

Mountain Legends

LIMITED SET

Mountain Legend Limited Edition Set

It embodies the strength and resilience of rugged peaks, the whisper of breezes carrying freedom, and the resolve to boldly embrace the world. Towering summits murmur ancient tales, revealing nature's timeless secrets. Each sunrise heralds new beginnings, each sunset marks a day's triumph, every mountain trail echoes adventures carved in stone. Summit Saddle: A subtle yellow-brown hue inspired by high-altitude sedimentary soils, capturing the soft glow of sunlight on peaks. Amber Ridge: Warm amber tones mirroring the mountain's enduring spirit, blending natural antiquity with earthy warmth. Golden Crest: A luminous tribute to alpine glory, fusing golden radiance with muted tawny undertones.

「Limited Edition Mountain Legend Livery」

Inspired by alpine hues & natural elements
Vintage styling with distinctive topographic patterns

TRUCK RACK SYSTEM

ULTRA RIDGE Truck Bed Rack

Engineered exclusively for pickups, this ultralight aluminum alloy rack redefines industrial aesthetics with its mountain-inspired ribbed architecture. It delivers robust expansion capabilities for truck beds while offering versatile mounting options—from roof-top tents and cargo boxes to bike racks and recovery boards.

ULTRA RIDGE

As a pickup bed extension system, the Ultra Ridge redefines cargo capacity through seamless synergy of cargo capacity and expandability. It's a gateway to elevated pickup truck lifestyle, delivering trail-proven reliability for every explorer's ultimate loadout solution.

Ironclad Backbone, Forging Dauntless Spirit

Inspired by the eternal ridgelines of geological formations, ultra ridge translates nature's raw power into industrial precision—honoring the tempered resilience that elevates steel frameworks into expedition-defining milestones.

Material:PP Weight:About27kg(Single)

ULTRA RIDGE'S extreme performance is rooted in uncompromising materials and precision manufacturing:

- ADC-12 aluminum alloy die-cast frame
- 6063-T5 extruded aluminum profiles
- High-strength PA6 nylon with 15% glass fiber (GF15) injection molding

This multi-process hybrid construction delivers ULTRA RIDGE legendary structural integrity.

Versatile Expansion, Built to Adapt

ULTRA RIDGE's clean design conceals serious muscle. Pre-machined slots and universal compatibility let you bolt on mainstream aftermarket accessories—roof platforms, cargo cases, tents and bike racks.

VIZOR

Roof Multi-Function Crossbar

At the intersection of automotive and urban lifestyle cultures, ARCANER WARRIOR crafts a modular identity system through its VIZOR Series – engineered for wagon owners, new energy adventurers, and urban outdoor enthusiasts pursuing “mobile identity aesthetics”.

VIZOR CROSSBAR

A next-gen automotive lifestyle accessory engineered for young trendsetters. Crafted from lightweight materials, it delivers impact resistance, weatherproof durability, and rugged load capacity. Features innovative swappable faceplates for personalized expression, expanding rooftop functionality to unlock diverse outdoor adventures.

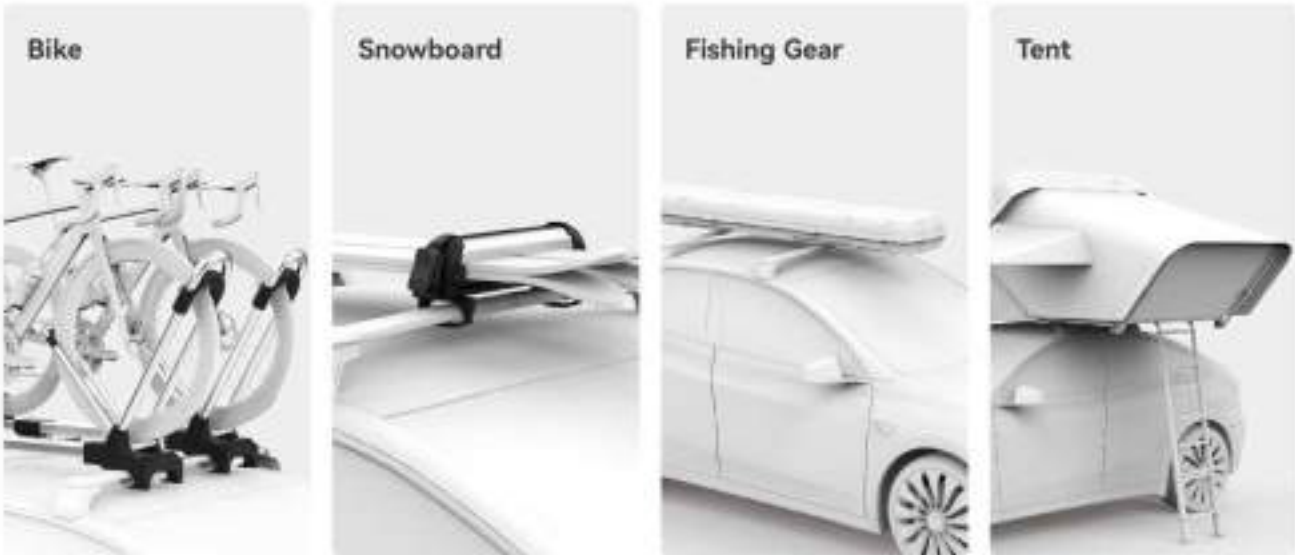

► Interchangeable Decals

*Future faceplate styles coming soon

More Configurations Awaiting AW Unlock...

Aerodynamic Design, Enhanced Efficiency

The crossbar's streamlined profile minimizes vortex generation to reduce drag coefficient. CAD-optimized flush mounting decreases air contact area, achieving dual wind resistance reduction through precision engineering.

Lightweight Build, Full Power Unleashed

The load-bearing core utilizes high-strength aluminum alloy, paired with a premium PC exterior shell. This optimized lightweight structure enhances portability and installation ease while maintaining rugged capability across diverse scenarios.

Soft Base Pads

The base integrates custom-molded silicone pads that actively protect vehicle surfaces, redistribute load stress, and maintain vibration-dampening contact. This dual-action design boosts structural stability while preventing abrasion damage during dynamic loads.

Foundation Stability

The hybrid ADC-12 aluminum alloy and PC+ABS composite base delivers rock-solid construction with military-grade durability. Paired with a semi-transparent acrylic shield, it offers customizable aesthetics while providing structural reinforcement through its layered defense system.

STORM

Redefining the practicality and playability of vehicle side space, the quick-release hook structure allows for fast assembly and disassembly, balancing quick access to emergency items and personalized decoration needs. The ample box space accommodates emergency equipment such as fire extinguishers, inflators, and first aid kits, while the external cover expansion panel adds more storage space.

SIDE MOUNTED BOX

Redefining the practicality and playability of vehicle side space, the quick-release hook structure allows for fast assembly and disassembly, balancing quick access to emergency items and personalized decoration needs. The ample box space accommodates emergency equipment such as fire extinguishers, inflators, and first aid kits, while the external cover expansion panel adds more storage space.

► Compatible Models

BYD Formula Leopard 5, Tank 300/400/500/700, Ford Bronco, Jeep Wrangler JK/JL, Haval H9, New Haval H5, Haval Menglong, Haval Dargo, and more models to be announced.

Internal Fixed Partition for Secure and Reliable Storage

Featuring four-car locking positions with a simple mechanism, the four-stage adjustable length design offers a telescoping range covering the initial position, 183cm, 193cm, and 203cm to adapt to varying height requirements.

Double-Layer Protection: The Evolution of Arcane Warrior's Shell

The shell features a dual-layer structural design with enhanced strength. The outer layer utilizes PC+ASA material, while the inner layer is crafted from PC+ABS, maintaining robustness while reducing overall weight for easy portability and installation.

► Additional Features

REVOLVE PIVOT MASTER 3rd Generation Roof Rack Ladder

Breaking away from traditional body-mounted ladder designs, this innovation utilizes patented rotating pivot technology to achieve space efficiency, enhanced safety, and zero contact with the vehicle body. The new generation delivers smarter, more reliable performance.

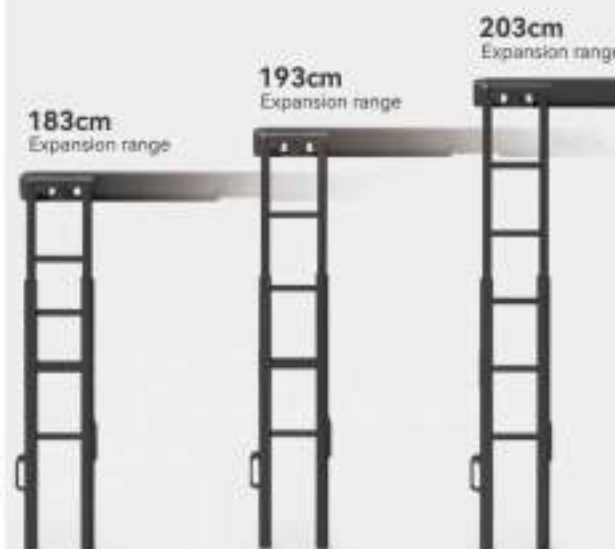

REVOLVE PIVOT MASTER REVOLVE PIVOT MASTER X90 Roof Rack Ladder

Breaking free from traditional constraints, this innovative rotating mechanism enables 90° agile rotation, requiring no drilling into the vehicle body and operating independently of the original frame. Compatible with 99% of vehicles on the market, it combines powerful load-bearing capacity with effortless operation, transforming hard-to-reach rooftop spaces into easily accessible extensions. Rerdefine your automotive outdoor lifestyle with this boundary-breaking solution.

4-Stage Telescopic Length Adjustment

Featuring a simplified four-tier locking mechanism, the four-stage adjustable length design offers a telescoping range from the initial position to 183cm, 193cm, and 203cm, adapting to diverse height requirements.

Ergonomic Button – Detail Perfection

Engineered with a custom-molded ergonomic activation button, this component integrates lost-wax casting technology and undergoes electrophoretic surface-polishing. Its contoured grip naturally conforms to hand curvature, delivering enhanced comfort.

Full Aluminum Shell: Lighter and Stronger

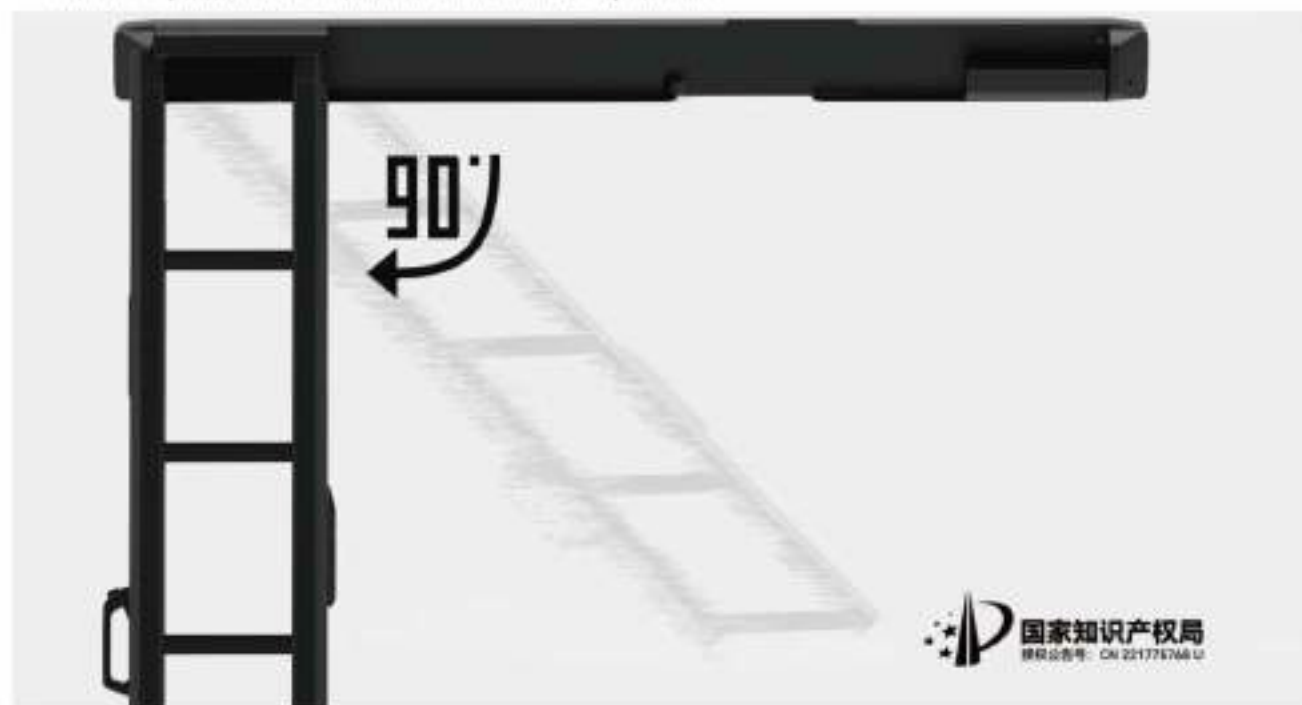

The ladder's main structure utilizes 6063-T5 aluminum alloy, offering exceptional compressive strength and corrosion resistance. Combined with ADC-12 aluminum alloy die-casting technology and 6063-T5 aluminum profile extrusion processes, the product achieves enhanced precision in structural detailing for superior durability.

► Original Pivot Patent Technology

After two years of dedicated R&D, we have achieved a groundbreaking innovation in rooftop ladder engineering, redefining the structural mechanics of vehicle-mounted climbing systems. Our patented pivot technology intelligently eliminates physical contact between the ladder and vehicle body, delivering scientifically optimized functionality and effortless operation for a transformative automotive experience.

80% Reduced Drag & Wind Noise with Aerodynamic Breakthrough

Our innovative wind-cutting design slashes air resistance and noise by 80% compared to conventional side-mounted ladders. Through optimized ladder profile engineering, we achieve significant reductions in drag and wind turbulence. This isn't just travel-ready – it's a new benchmark for silent, high-performance mobility.

Adjustable Rail Design

Once installed on the roof rack, the rear rail system enables precision positioning of the ladder, allowing on-demand adjustments to the mounting location. This adaptable design tailors installations to real-world scenarios, delivering a fully personalized user experience.

Upgraded Space-Optimized Dedicated Ladder Bracket

Equipped with a dedicated rotating ladder bracket, this system enables side-mounted installation on the roof rack, fully utilizing lateral space while ensuring no interference with roof rack equipment layouts. Its streamlined design simplifies storage and maximizes spatial efficiency, delivering a highly organized and functional rooftop configuration.

CROSSING CROSSING 2.5th Generation Side Mount Ladder

When the sandy tracks of the Dakar Rally are etched as contour lines on the metal surface, ARCADE's ladder reconfigures the spatial and temporal dimensions of exploration - not only a redefinition of outdoor exploration, but also a microscopic narrative of the spirit of the road - and the existence of the CROSSING ladder makes every journey of exploration a parallel track to the Dakar. The existence of the CROSSING series makes every journey of discovery a parallel track to the Dakar.

CROSSING ROOF LADDER CROSSING Side Mount Ladder

CROSSING Side Mount Ladder: Redefining Vehicle Expansion with Revolutionary Operation

As a game-changing vehicle accessory engineered to eliminate cumbersome rooftop access, CROSSING ladder features an intuitive quick-flip folding mechanism. Simply press the main release button to deploy the ladder frame in 1 second, bypassing traditional complex setups. Built with lightweight yet high-strength aluminum alloy, it delivers upgraded load-bearing capacity, structural stability, and long-term durability - reimagining what rooftop gear can achieve.

► Original Design Inspired by Mountain Silhouettes

► More Features

Dual-Folding Dynamic Hinge System

Arcane Warrior's innovative dual-axis hinge integration enables single-motion ladder deployment, featuring streamlined mechanics for effortless access.

ADC-12 Aluminum Alloy: Superior Strength-to-Weight Ratio

Engineered with advanced ADC-12 lightweight die-cast alloy, the structure weighs approximately 12 kg while delivering exceptional tensile strength and compressive resistance, combined with wear-resistant and corrosion-resistant properties.

ADC-12
Die cast aluminum alloy

Patented Innovation Redefines Climbing Performance

This ladder features Arcane Warrior's exclusive design patent. Scientifically designed by our R&D team, its structure not only suits outdoor environments but also enhances operational safety and stability. Meticulously considered detailing ensures compatibility with various vehicle exteriors while fulfilling diversified demands.

SIDE MOUNT LADDER

Compatible with the STORM Side Mount Ladder, a roof expansion equipment specifically designed for hardcore SUVs, addressing roof-access challenges. Constructed with ADC-12 aluminum alloy material, significantly enhancing load-bearing capacity, ensuring robust durability and strong corrosion resistance. Featuring a proprietary three-section folding structure, compact storage profile maintains vehicle clearance while adapting to mainstream hardcore SUV models. The STORM Side Mount Ladder enables safer and more efficient roof space management, capably meeting demands in complex scenarios—whether retrieving long-distance off-road equipment or performing daily roof maintenance.

Damage-Free Installation, Drill-Free Design

Causes no damage to the vehicle roof, preserving its original condition. This protects the roof from further damage or corrosion, extending the vehicle's service life.

3-Step Folding

Three-step opening/closing operation allows smooth retraction and extension. A single pull-and-flip action ensures practical convenience.

TANDRIX

Dual-Wheel Car-Mounted Bike Rack

Features a streamlined, modern design that is precise and efficient. Constructed with high-strength aluminum alloy, combining lightweight properties with robust stability. Presents a sophisticated yet unobtrusive aesthetic with its black metallic finish accented by yellow buttons.

Surface undergoes specialized treatment, offering excellent corrosion resistance and abrasion resistance. Engineered to reliably perform in diverse and demanding environments.

► More Functions

Upgraded 4-point Stabilization System Dual-wheel Stabilizing Cross Lock

Steel Link Design

Folding Storage Solutions

► Easy installation and full compatibility.

Multi-adjustable snap group structure, compatible with over 90% of roof bars, racks, gantries, and other models.

Adaptation of roof bars

Adaptation of roof rack

Adaptation of Truck Bed Rack

TANDRIX

The car bike rack offers sturdy front and rear wheel fixation and quick installation. It also saves space and provides full protection. Combining simple design with practical function, it's a great choice for cyclists and road trippers. Whether on long adventures or short rides, it provides a safe, reliable carrying solution, making cycling more free and worry-free.

AUTO CAMPING

Automotive Camping System

It covers comprehensive needs ranged from campsite selection, camping equipment configuration, to the optimization of camping experiences. ARCADE WARRIOR is dedicated to creating a safe, comfortable, and convenient outdoor living environment through its automotive camping system, enabling users to find a tranquil retreat amidst hectic lifestyles, coexist harmoniously with nature, and experience authentic outdoor living.

HARDCORE

The **HARDCORE** Series represents ARCANER WARRIOR's new exploration, pioneering an automotive outdoor lifestyle with its hardcore exterior design. Featuring a more streamlined and rugged aesthetic with dynamic design elements, it has gained widespread popularity among outdoor enthusiasts.

AWNING Awning

The **HARDCORE** Awning, as a patented product of ARCANER WARRIOR, has been enthusiastically received by outdoor enthusiasts since its market launch in 2022. Its unique exterior design integrates high-quality materials, demonstrating the brand's commitment to detail and craftsmanship while delivering unparalleled luxury experiences for every outdoor camping trip—whether in mountains, lakes, seas, grasslands, or deserts. Simple installation instantly creates a dedicated outdoor space, transforming every journey into unforgettable memories. Travel with the **HARDCORE** Awning to fully embrace nature's beauty and immerse in outdoor adventures.

5-Second Quick Folding

Eliminates complexity with rapid retraction, ensuring tens of thousands of smooth deployment and retraction cycles.

Concealed Locking Mechanism

Provides secure latching that prevents canopy detachment, maintaining structural integrity even on rugged terrain.

Expandable Canopy

Breaks away from conventional side awning designs, reduces wind noise and resistance through aerodynamic optimization, and is compatible with the Arcane Warrior **STORM** Roof Rack.

► Awning Ecosystem

The **HARDCORE** Awning demonstrates four expansion configurations to meet your ultimate automotive camping demands: Original Form—Natural purity with superior outdoor performance for essential camping needs; Expanded Awning Set—Spatial extension creates private retreat spaces; 270° Panoramic Awning—Tent Integration—Comprehensive shelter enables immersive outdoor camping; Dual Tent—Canopy Configuration—Constructs exclusive camping ambience through synergistic protection. Each configuration reflects your distinguished taste, elevating automotive outdoor camping experiences to new dimensions.

Automotive Camping

Automotive camping embodies an idyllic journey of harmonizing with nature. Under the sun, wherever your vehicle can reach becomes your campsite—an ideal venue for exploration and camaraderie. The ARCANEWARRIOR roof expansion system stands as your refined companion in curating elevated camping experiences.

AUTO CAMPING

With ARCADE WARRIOR, the automotive camping lifestyle is elevated to new heights of vibrancy. Each journey becomes an intimate encounter with nature, allowing genuine relaxation and spiritual elevation for the soul.

► Superior Sun Protection Performance

Delivers comprehensive outdoor UV defense with enhanced water pressure resistance and upgraded solar blocking capability.

Fabrics

300D polyester soft fabric, PU silver coated layer + DWR water repellent treatment, to deal with a variety of common climates. The curtain is not easy to shrink and fade, smooth and wrinkle-free for easy storage.

Sun-protection

Blackout Edition: Enhanced Sun Protection

UPF increased by 20% with upgraded abrasion resistance. Antibacterial and mildew-proof treatment.

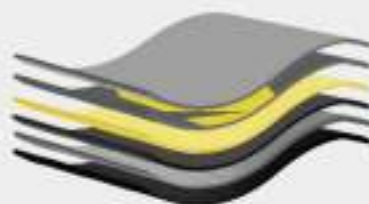

Silver-Coated Edition: Essential UV Defense

Standard UV protection versatile for multi-scenario use. Structural stability with hassle-free deployment.

Enhanced Water Pressure Resistance

The Blackout Edition Awning features an upgraded sun-protective coating that effectively blocks UV rays, providing UPF 60+ sun protection. Utilizing blackout technology for intensified solar defense, it reliably withstands diverse weather challenges.

Full Aluminum Housing: Aesthetic & Durable

The main structure employs 6063-T5 aluminum alloy and ADC12 die-cast aluminum, processed through 15-stage manufacturing workflows. Featuring powder-coating technology, it delivers high toughness, corrosion resistance, and exceptional structural integrity.

Better suited to domestic model proportions

The length is more harmonious and perfectly adapted to a wide range of vehicles. This optimized design takes into account the dimensions of the Chinese market and is suitable for more than 95% of domestic models.

270° AWNING ROOM

270° Awning Room

Designed exclusively for automotive outdoor lifestyles, this system elevates vehicular living to new dimensions. The black-yellow color scheme delivers a modern, dynamic aesthetic that complements outdoor adventures. Its 270° panoramic design offers unobstructed vistas from within the vehicle, achieving seamless harmony with nature. Featuring rapid deployment and durable construction, it provides secure shelter for outdoor excursions. Whether on extended road trips or weekend camping getaways, this tent serves as an indispensable companion, transforming automotive adventures into extraordinary experiences.

► Multi-Scenario Deployment Modes

270° Panoramic Mode, Full Enclosure Mode, Insect-Proof Screen Mode, One-Room Suite Configuration, Open-Air Layout. We offer you diverse outdoor applications, and the system enables adaptable configurations based on environmental demands.

270° panorama mode

Total Closure mode

Insect proof tent mode

One-bedroom mode

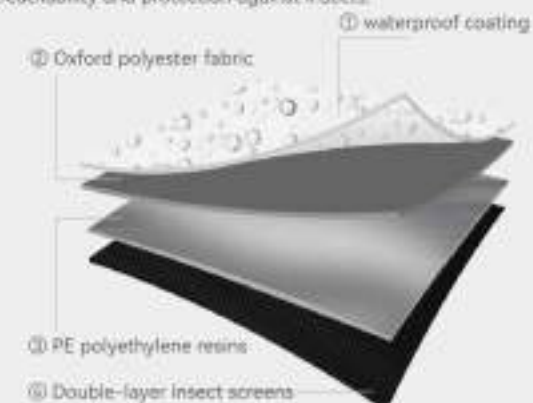

full open mode

Multi-layer fabric/all-over waterproof

Made of durable 300D Oxford polyester, this fabric is waterproof, tear-resistant, and abrasion-resistant, ideal for outdoor use. The inner waterproof coating effectively blocks rainwater, while the double-layered insect screen provides breathability and protection against insects.

5min quick build outdoor home

The innovative HARDCORE awning pole enables two people to set up the tent in 5 minutes. Its unique hook system simplifies setup, while front/rear zips enhance stability and convenience.

AWNING SUPPORT

The pro Version of the Skylight Fixing Bracket

High strength, lightweight.

ADC12 die-cast aluminum, one-piece machining, with excellent surface smoothness.

The combination of strength and form.

Fluid geometry design, where flexible fluid connections seamlessly merge with geometric surfaces.

Perfect companion for the canopy.

Compatible with Arcane warrior STORM/HARDCORE series.

CANOPY POLE

Telescopic Skylight Support Rod

Infinite locking, adjustable height.

The adjustable support rod length adapts to different environments for canopy setup.

Comfortable knob, easy locking.

Textured damping design with precision machining.

Increase tent space by approximately 50%.

Expand outdoor activity space for unrestricted camping.

AWNING KIT

Camping Enhancement Kit Pro Version

► Set includes:

- 9 ground pegs
- 1 hammer
- 6 guy ropes
- 1 storage bag

• Water-resistant design, moisture-proof, abrasion-resistant, and scratch-resistant.

LANDING

The LANDING series is ARCAE WARRIOR's tribute to all those who embrace freedom in motion. When minimalist industrial aesthetics collide with hardcore outdoor DNA, each piece of equipment becomes an extension of the adventurer's body—offering steadfast shelter amidst stormy winds and the cozy warmth of campfire moments. The modular design meets all scene requirements, covering every adventure need.

AUTO CANOPY

Hard-shell rooftop tent PRO edition

The Hard-shell Rooftop Tent PRO Edition is designed for quick setup in car camping, using hydraulic support rolls to set up in just 3 minutes. Made with high-quality, durable materials, it's built to withstand various weather conditions. Its spacious interior fits a family, making it perfect for outdoor gatherings or family trips. Enjoy the convenience and joy of camping with ease.

► Recommended compatible vehicle models and dimensions.

Recommended compatible vehicle model: Pickup truck
Expanded dimensions: 2080*1606*1200mm

Closed dimensions: 1606*1330*332mm

Spacious interior, a world of comfort within the tent

With expanded dimensions of 2080*1606*1200mm, this hard-shell rooftop tent offers a vast interior area, easily accommodating a family of three. The 3D space design ensures that every corner is roomy and bright, providing a comfortable experience akin to a mobile villa.

Multi-link support structure

Stability and wind resistance through the coordinated action of multiple connecting rods, ensuring it remains secure in various weather conditions.

Damage-free installation, compatible with the STORM expansion system

The rooftop tent is precisely compatible with the STORM expansion system, optimizing the installation process by reducing complex steps. It offers a seamless, one-step solution, making the installation smoother and more efficient.

► Multi-mode switch for different conditions

With fully enclosed mode, mesh mode, and panoramic mode, the tent allows for easy switching between modes to adapt to various weather conditions.

Fully enclosed mode

Mesh mode

Panoramic mode

AUTO CANOPY

Slim rooftop tent

The slim rooftop tent offers a mobile villa experience for outdoor car living. With just a 3-second setup, the pneumatic hydraulic rods quickly deploy, providing a spacious and comfortable outdoor resting space. When closed, its ultra-thin design allows for easy transition between the city and nature. Made from high-quality materials with shockproof protection, it ensures comfort and safety, letting you enjoy a home-like experience outdoors. Get close to nature and enjoy villa-like relaxation with the ARCANER WARRIOR slim rooftop tent, enhancing your outdoor life!

Quick-release installation bracket for rooftop tent (optional)

Designed for use with the ultra-thin rooftop tent.

Slim rooftop tent awning installation bracket (optional)

Designed for use with the ultra-thin rooftop tent.

► Dimensions

Closed dimensions: 2100*1270*140mm (without rails height)

Expanded dimensions: 2100*1270*1520mm

Car camping, the advanced way to camp

Car camping offers a variety of experiences, and with the slim rooftop tent, you can unlock an advanced level of camping. Say goodbye to the hassle of repeated setup and enjoy easy portability. When packed, it's only 140mm high, making it perfect for both quick getaways and extended outdoor trips.

Hydraulic support rods for 3-second setup

With the hydraulic support rod system, the setup speed reaches 0.3m/s, making tent assembly effortless. A simple pull is all it takes to instantly unfold the tent. No complicated support operations are required, and the hydraulic technology ensures stable support for the tent.

High-strength aluminum alloy shell

Made from high-strength aluminum alloy, the base and outer shell ensure durability and weather resistance for camping. The Arcane Warrior edition features an exclusive UV-printed logo with a 3D texture, glossy finish, and fade-resistant abrasion resistance.

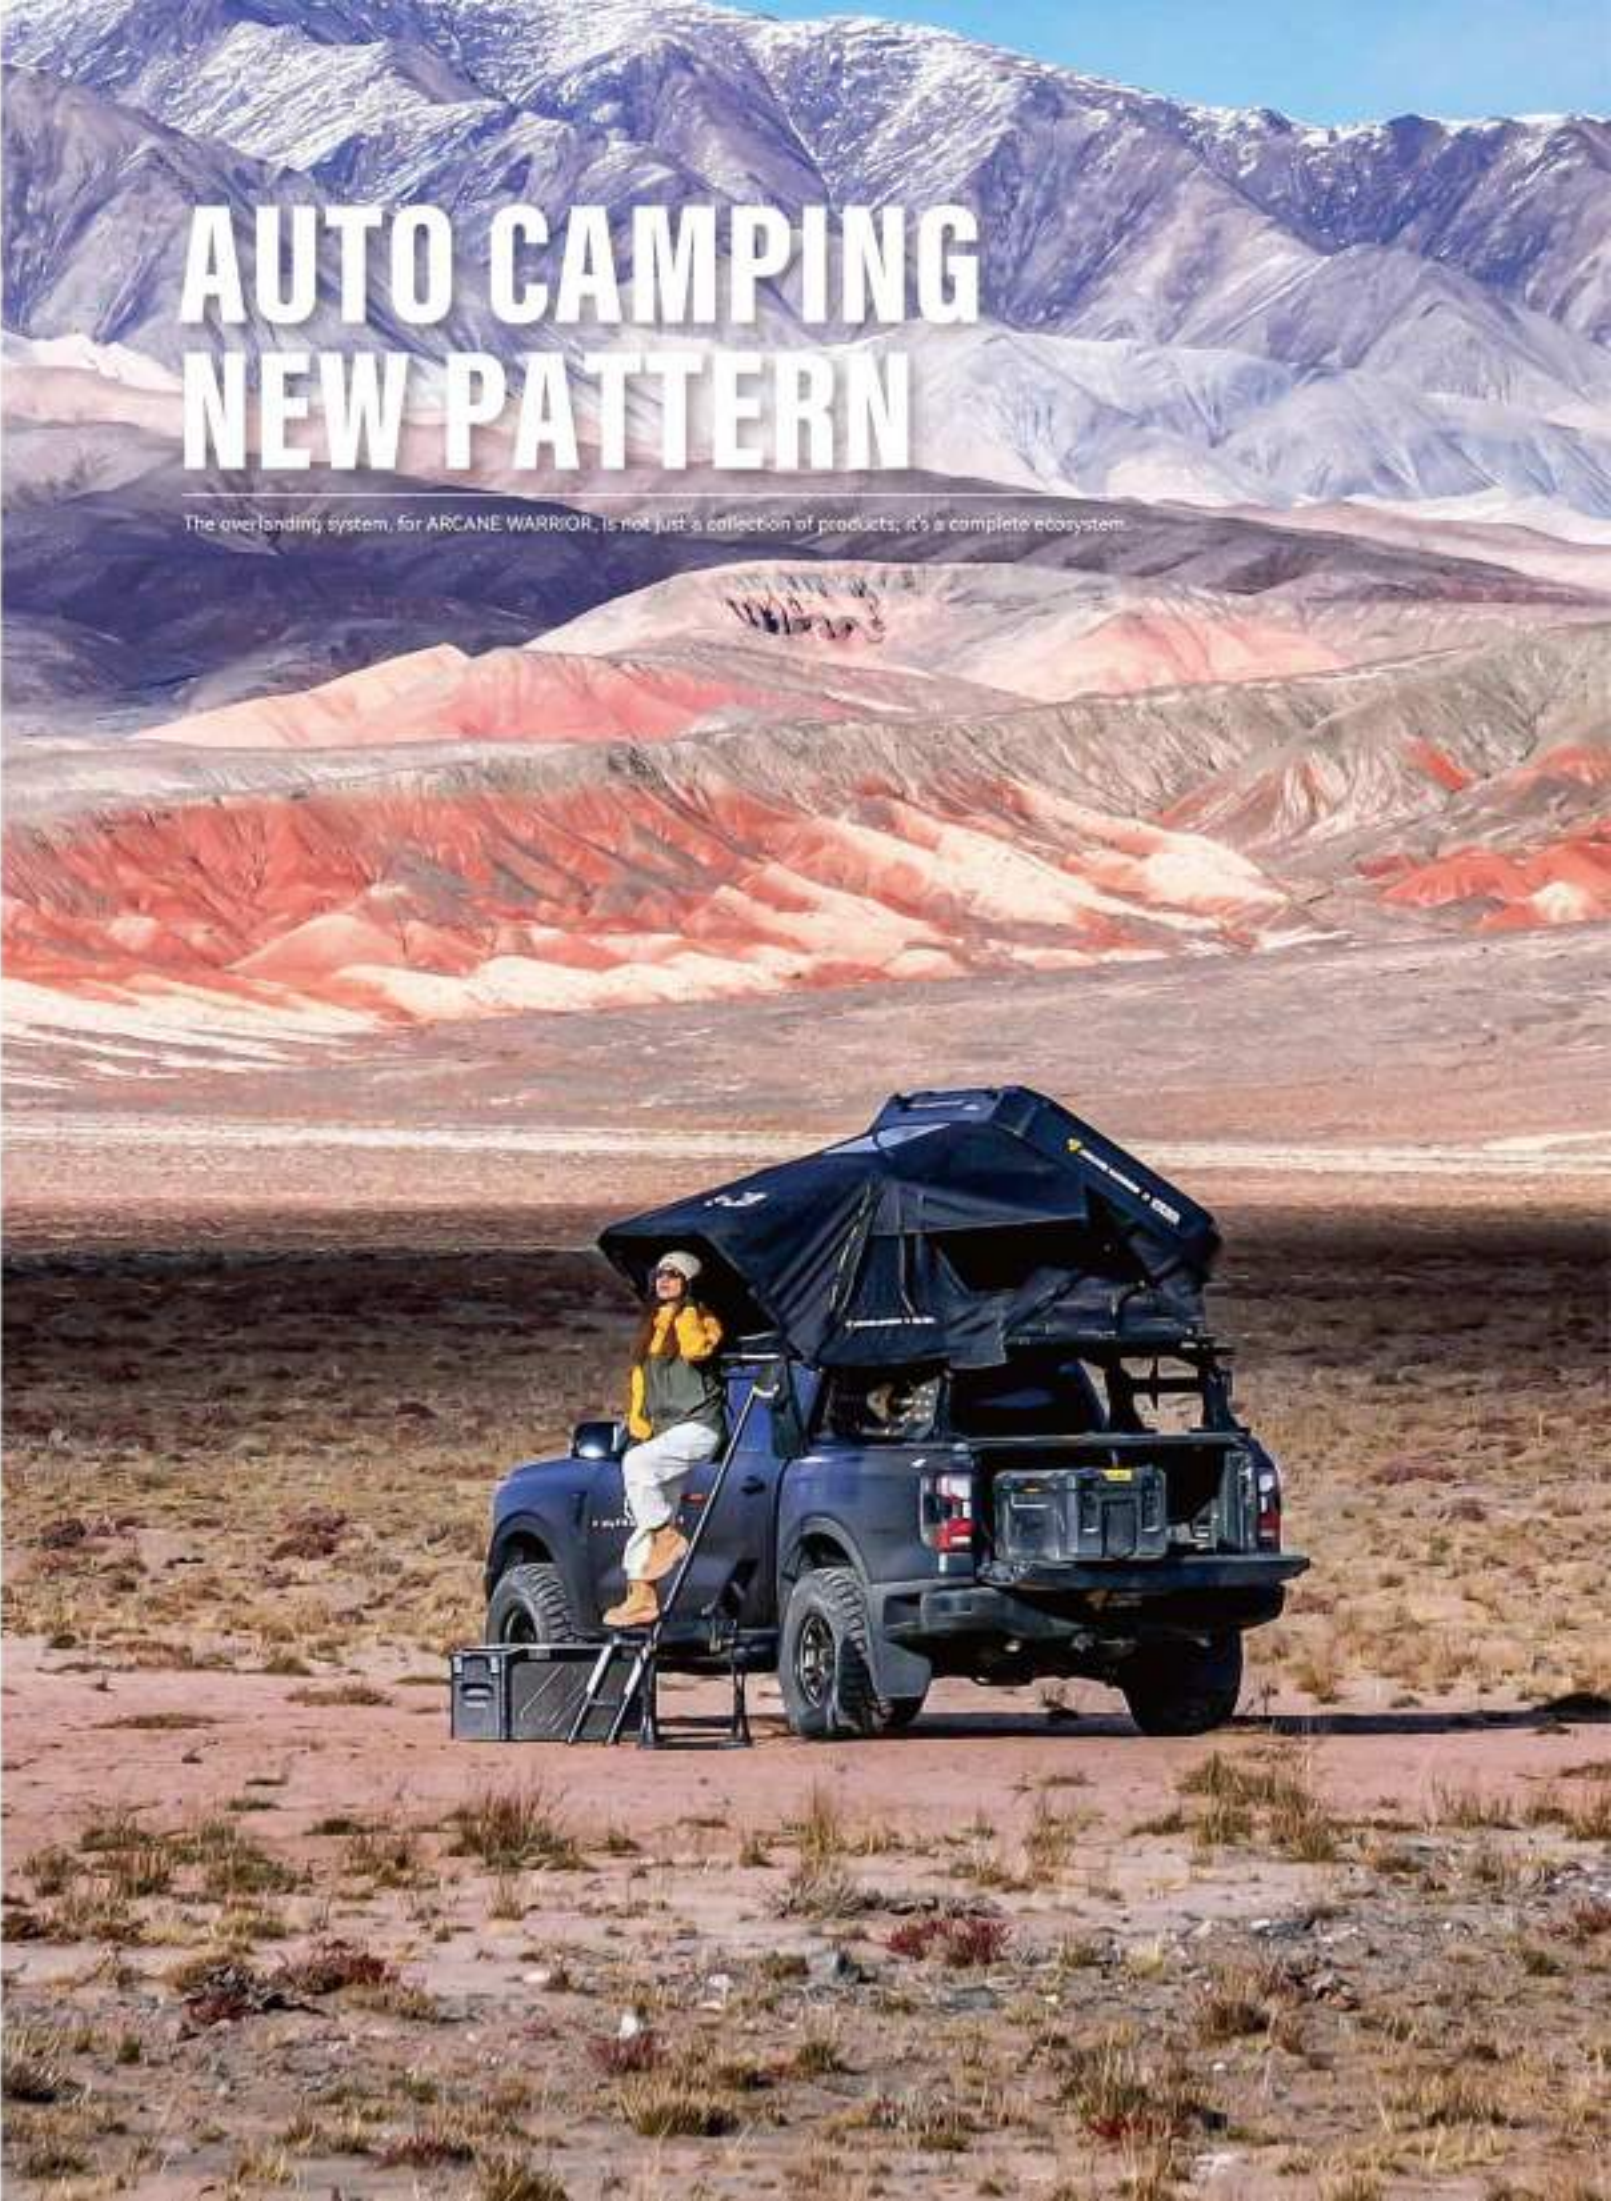

LANDING

The LANDING series is ARCANER WARRIOR's gift to all those who live freely in motion. When minimalist industrial aesthetics merge with hardcore outdoor DNA, each piece of equipment becomes an extension of the adventurer's body—from sturdy shelter in the storm to the relaxed, homely atmosphere by the campfire. Its modular design covers every need across all scenarios.

AUTO CAMPING

An integrated automotive-camping solution designed to seamlessly merge vehicles with outdoor recreation, creating a mobile 'outdoor living space' for enthusiasts. Through vehicle customization, gear integration, and technological support, it enhances the convenience, comfort, and safety of camping experiences.

CAR SIDE CANOPY AWNING

HARDCORE Awning - Your Ultimate Mobile Shelter. With no drilling required, its powerful magnetic adhesion seamlessly fits all vehicle types. Effortlessly set up by a single person, it remains steadfast even in raging storms. Combining tear-resistant technical fabric with lightweight alloy framing, it stands resilient against torrential rain and scorching sun while remaining featherlight. Expandable space adapts freely, comfortably accommodating group gatherings by the fire or solitary moments under the stars.

Three-Step Quick Setup, Zero Hassle

Patented Quick-Deploy System. Pre-connected poles with elastic retention ensure effortless assembly without loose components. Setup completes in just 3 steps and a seamless 5-minute process even for solo users. Newbie-friendly design with particular consideration for female adventurers.

STEP 01

STEP 02

STEP 03

Expansive Coverage

Perfect for outdoor gatherings of 2 to 4 people.

Multi-functional Extension Awning

Panoramic multi-window design delivers 5-star outdoor camping experience.

Optional Extension Awning with Adjustable Telescopic Poles

Compatible with extension awning for effortless enclosed space creation, delivering enhanced privacy and protection. The ingeniously designed extension awning features built-in zippered doors with pre-installed access points, ensuring camping freedom and convenience. Adjustable telescopic poles further reinforce tent stability.

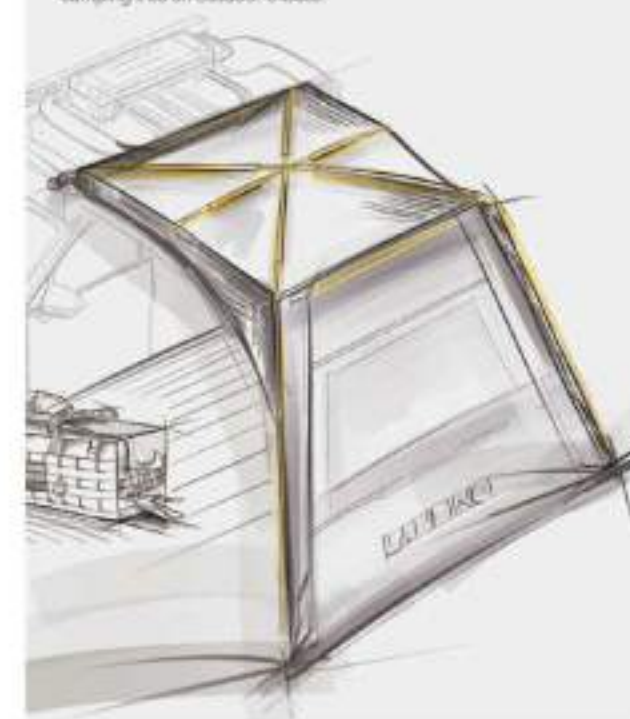

Optional Extension Awning

Optional Extension Awning

Mountain-Ridge Skeleton Structure

Engineered for stability - high-strength, high-toughness design conquers wilderness, embraces mountain repose, and elevates car camping into an outdoor tribute.

► **Versatile Awning/Expandable System**

Flexible setup for diverse outdoor scenarios.

Single Canopy

Skylight Mode

Fully Enclosed Mode

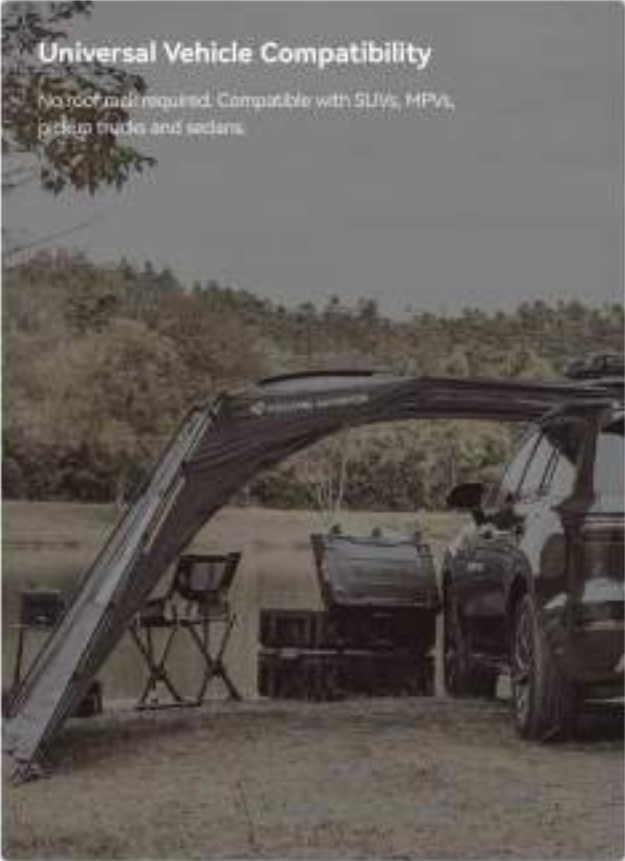

Vestibule Extension Mode

Universal Vehicle Compatibility

No roof rack required. Compatible with SUVs, MPVs, pickup trucks and sedans.

The Ultimate Shell for Auto Camping

Expedition-grade outdoor performance.
Hardshell construction with anti-intrusion bacterial treatment.
All-weather ready (sun & rain proof).

LANDING

The LANDING series embodies ARCANEWARRIOR's mastery of control and long-strained action. When minimalist industrial aesthetics collide with off-grid outdoor DNA, each piece of gear becomes an extension of the explorer's body—from steadfast shelter in raging storms to the relaxed warmth of a campfire. Modular design meets every scenario with precision.

FOLDING CHAIR LANDING CAMPING CHAIR

Compact Size

Featuring a unique integrated backrest design, this chair folds into an ultra-compact form, saving space without compromise. Effortlessly stows horizontally or vertically—making transport and storage a breeze.

Optional Carry Bag

Pair it with a custom outdoor tactical storage bag. Crafted from 420D PVC-coated fabric, it's tear-resistant, water-repellent, and built for rugged outdoor use.

Externally equipped with MOLLE webbing and tactical attachment points, store gear inside or lash equipment outside.

► 5-Step Deployment

Quick to unfold, effortless to fold. Engineered for speed and convenience.

CAMPING TABLE

Camping Table

Magnetic Panel

Multi-Point Magnetic Locking.
Swap panels effortlessly with secure alignment.

Infinitely Adjustable Legs

Fine-tune height for any terrain or scenario.

Aircraft-Grade Aluminum Casting

Lightweight yet exceptionally durable.

Rapid Expansion System

Unlock versatility with 20+ IGT-compatible accessories.
Modular add-ons for cooking, storage, and camp customization.

BED/PILLOW

Self-Inflating Camp Bed & Pillow

Rapid Inflation

Twist the valve open to activate outdoor sleep mode—fully self-inflates in ~10 minutes.
Assist manually for instant setup (1-3 minutes).

Wide Sleeping Surface

Generously sized for unrestricted movement and comfort.

Optional Self-Inflating Pillow

Portable | Effortless Inflation

Compact yet durable—perfect for outdoor power naps.

25D Free Memory Foam Core

High-resilience self-inflating foam adapts to your posture,
whether side or back sleeping, for zero-pressure support.

SLEEPING BAG

Temp+1°C Outdoor Sleeping Bag

Water-Repellent Calendered Fabric

Engineered for breathability, extreme durability, and featherlight performance.

Windproof Seal Technology

Draft-deflecting barrier prevents cold air intrusion through zipper gaps—preserving optimal thermal efficiency in your sleeping bag.

SLEEPING BAG

Temp+1°C Outdoor Down Sleeping Bag

Down Sleeping Bag for Overlanding

Ideal for desert, mountain and multi-scene vehicle camping, easily handles dampness, low temperatures and various outdoor climates.

High-density down clustering for balanced warmth retention

Soft touch and tear-resistant, combining lightweight fabric with high-loft duck down.

ICE BAG

Outdoor Soft-Shell Cooler Bag

Long-lasting Freshness & Temperature Lock

Thermal insulation keeps contents fresh.

Preserves food's original freshness.

Air-insulated layers maintain freshness and temperature year-round.

18L High-Density Insulation for Balanced Temperature

Capacity: 30 cans (330ml each) or 18 bottles (550ml each).

TOTE BAG SET

Outdoor Toiletry & Storage Kit Set

► Set Includes:

Large Garment Bag ×1 Underwear Bag ×1

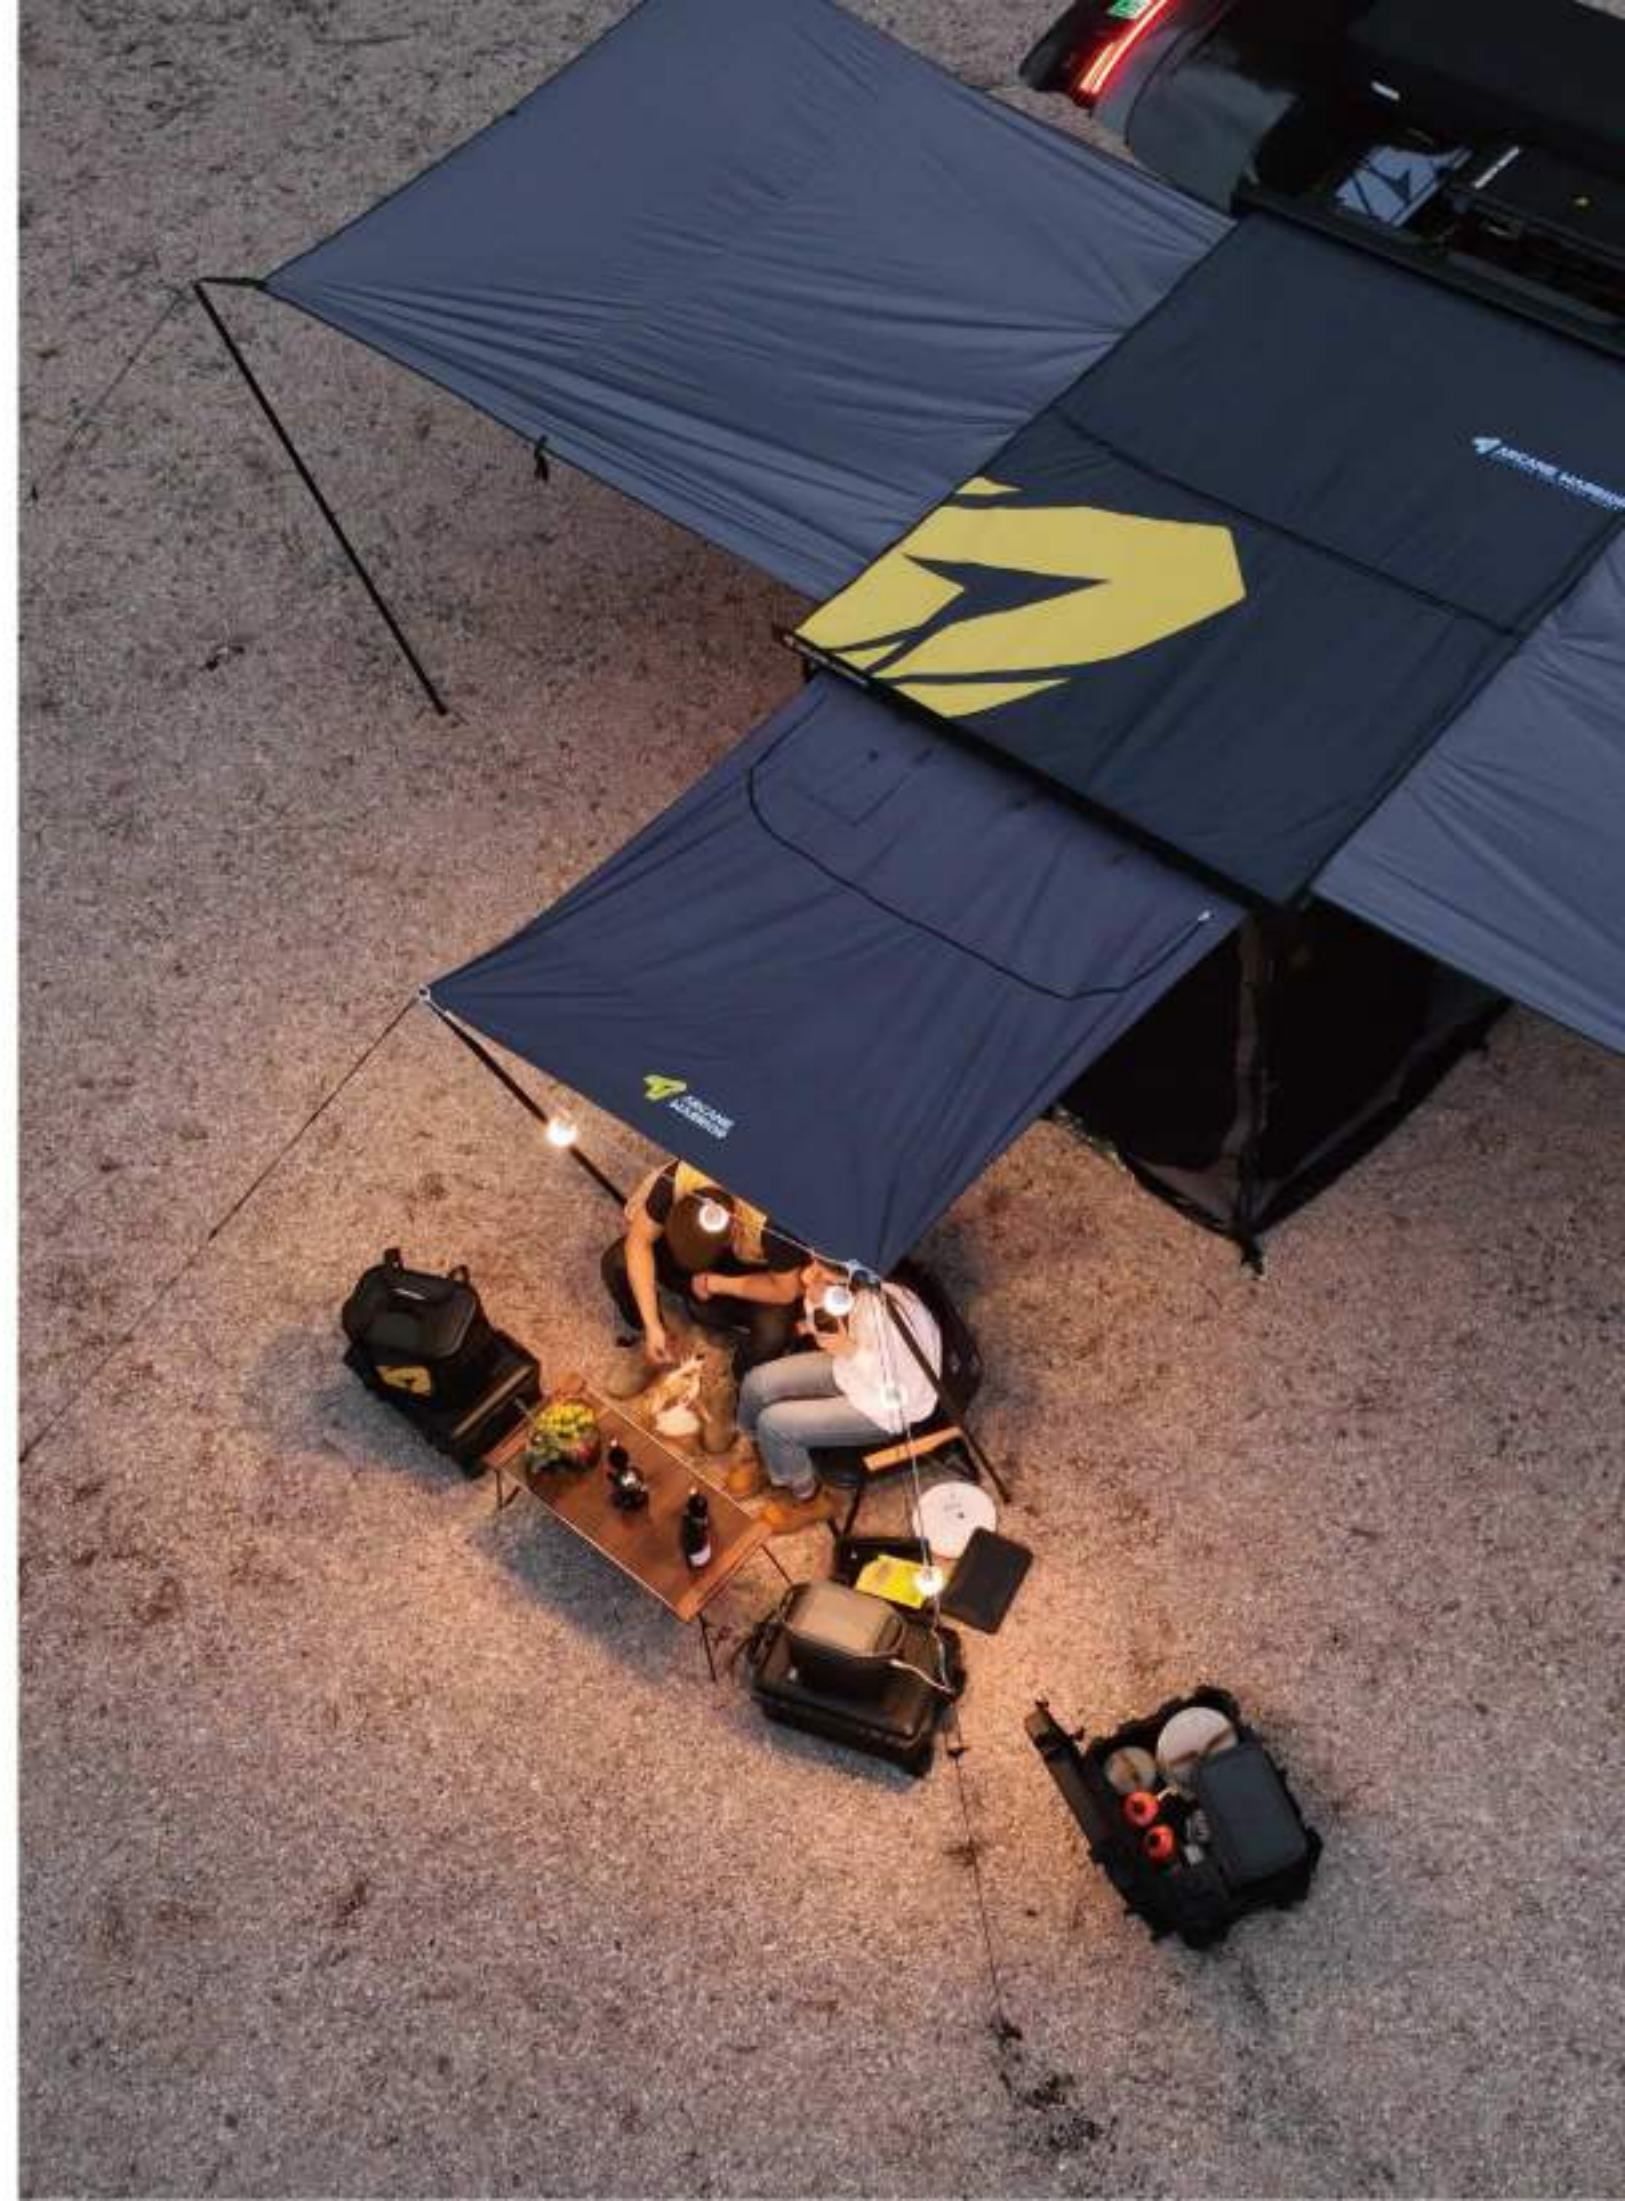

• Capacity: 2-5 spring/autumn jackets • Capacity: 2-6 short-sleeve tops

Shoe Bag ×1

• Capacity: 1 pair of sneakers

Toiletry Bag ×1

• Capacity: 5-7 travel-sized toiletries

Woo SPACE

It is a comprehensive solution for the deep integration of automobile and camping. It provides a mobile 'outdoor living space' for outdoor enthusiasts. It makes camping more convenient, comfortable and safe through vehicle equipment integration and technical support.

INFLATABLE TENT

Inflatable car tailgate

Inflatable technology is used to redefine the boundaries of camping, so that every inch of space can be 'inflated', and every departure is free of constraints, not equipment, but a lifestyle of free growth.

Full Expansion Mode

All windows can be opened and expanded into shade mode, the area can be upgraded to 16.05m² large space, very airy.

16.05m²
Total shading area

Four-layer Polymerised Fabric

Latex leaf water repellent surface waterproof
Nylon PA6 70D lattice fabric
Thickened vinyl reflective layer UFF99+
PU waterproof coating 3000mm

Lightweight

Save 1/2 weight compared to traditional hardshell tents.

Main cabin 16.7KG
Sub-cabin 9.7KG

Compatible with all models

Breaking down barriers, taking into account urban SUVs, new energy models, and hardcore crossover models.

Crossover SUV

Sedan

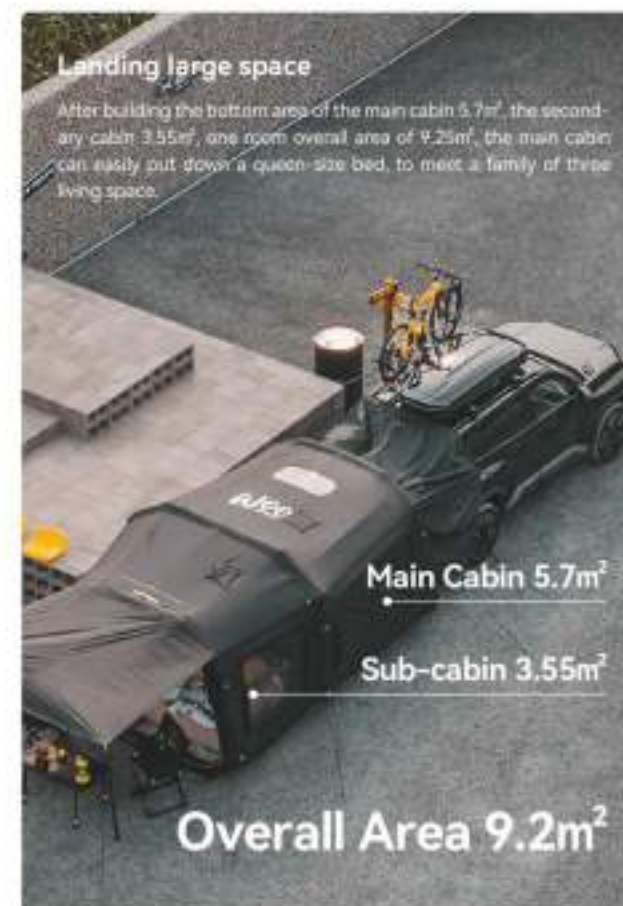

Off-road vehicle

Landing large space

After building the bottom area of the main cabin 5.7m², the secondary cabin 3.55m², one room overall area of 9.25m², the main cabin can easily put down a queen-size bed, to meet a family of three living space.

Main Cabin 5.7m²

Sub-cabin 3.55m²

Overall Area 9.2m²

COOKING SET PRO

Outdoor Cooking Set PRO

- 2-in-1 Fork S
- Collapsible Chopsticks
- Drain cover
- close shovel
- Ladle
- Slotted Spoon
- Food Tongs
- Bowl
- Colander

25-Piece Full Set with Integrated Storage

No more juggling multiple bags. All items stored in one set to save space and enhance your camping experience.

Microwave-safe & Heat-resistant

To ensure versatility, all tableware (bowls, plates, multi-purpose colanders) is made of heat-resistant materials, safely suitable for microwave heating.

Multi-Functional Set

We dedicated extensive time to crafting each product, optimizing functionality for the best experience. Every item holds intricate details waiting to be discovered.

Food-Grade PP

The main materials use baby-safe silicone and food-grade PP, free from BPA, ensuring eco-friendly and health-safe use.

Ultralight & On-the-Go

Compact and highly portable, the full set weighs only 1.8kg, delivering optimal functionality without compromising user experience.

Compact Storage

Lightweight car camping—everything packs neatly into one portable bundle.

CUTTING SET

Quick-Cut Kitchen Set

All-in-one kit for effortless cooking

unlock the secret to delicious meals. Compact & Portable

Lightweight and easy to carry

OUTDOOR STORAGE

ARCANE WARRIOR is fully committed to solving every storage challenge in outdoor adventures. From overland travel to rugged expeditions, we deliver reliable and refined storage solutions. Our product lineup includes the FLEX Cargo Cases, Classic Waterproof Hard Cases, and an upcoming series of Rooftop Cargo Boxes currently in development. We're continuously pushing boundaries to create smarter, tougher, and more versatile outdoor storage systems.

FLEX GEAR BOX

FLEX Rugged Cargo Case

We believe that every venture into the wild is a once-in-a-lifetime experience, and every journey is a heartfelt embrace of the unknown. That's why we've designed our storage systems with care — to offer not only fast and secure attachment, but also a highly adaptable interior layout that meets the demands of any outdoor activity.

The FLEX SYSTEM has been rigorously tested for performance. Built with premium materials, it features waterproof, dustproof, high-temperature-resistant, and impact-resistant construction to ensure stable and reliable performance in even the harshest environments.

More than gear. It's your trusted companion for adventure and endless possibilities.

► Triple Protection Performance

Built to withstand the elements with high-level waterproof, dustproof, impact-resistant, heat-resistant, and shockproof properties. From torrential rain to accidental splashes, it handles harsh outdoor conditions with ease.

High-quality waterproof, dustproof, and impact-resistant design

► Multiple Capacity Options Available in Four Sizes to Meet Different Travel Needs

(116L)

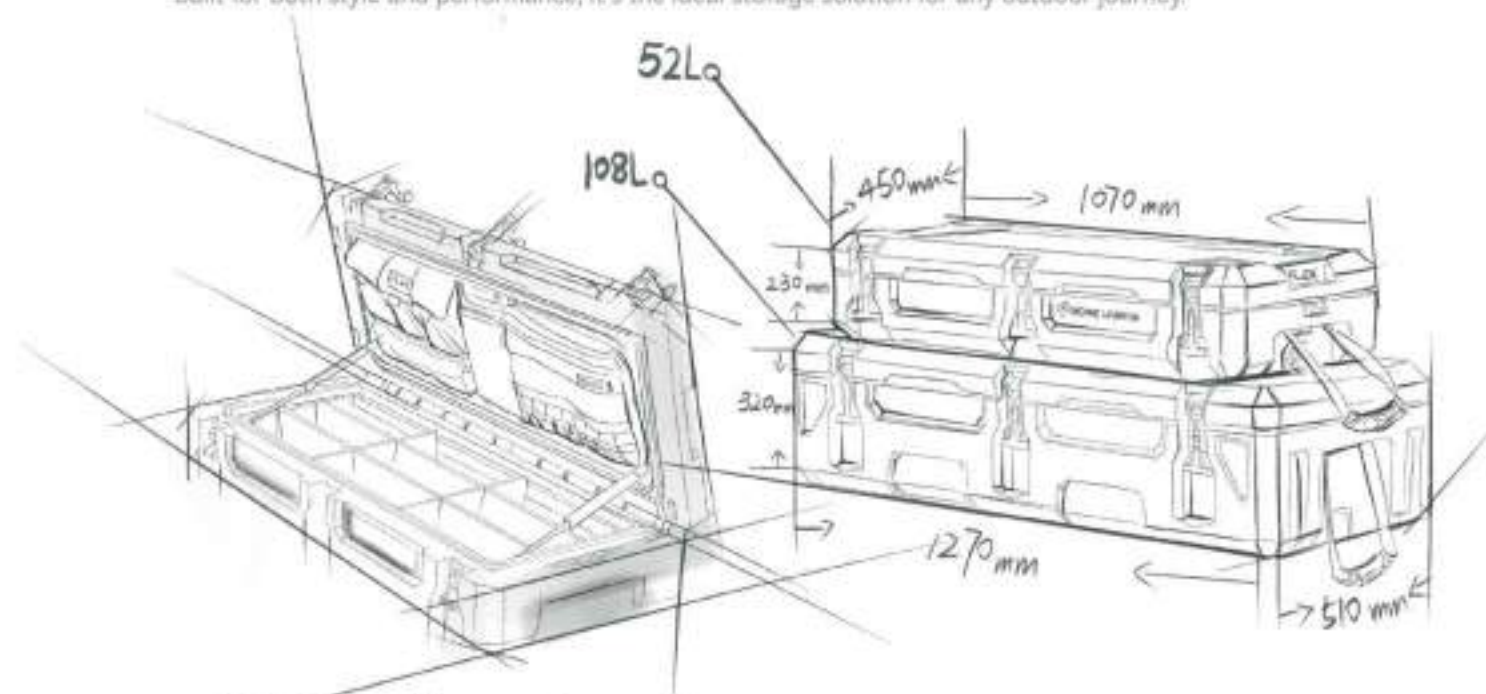

► Product Design Language

The FLEX Rugged Cargo Case blends modern industrial design with a bold spirit of adventure. Clean, tough lines and a reinforced build reflect strength and explorer mindset.

Its quick-release base works seamlessly with the FLEX system for fast setup, while a carbon steel frame adds load support and stability. Inside, modular panels and storage pouches keep your gear organized and accessible.

Built for both style and performance, it's the ideal storage solution for any outdoor journey.

► Built for Every Scenario

From outdoor getaways to daily utility, this box is ready for whatever you throw at it.

► Versatile Expansion Features

The outdoor decorative system excels in ambiance coordination, featuring architectural square columns or flat walls with color and pattern designs. Its highly decorative exterior facilitates quick installation, while the layered expansion effects include fireproof external ornaments.

Top Molle Panel Lid Organizer

Expandable dividers and foam

Internal Expansion

The outdoor gear case features a smart internal expansion system. The top panel creates extra space for essential gear like photography equipment, ensuring quick access. Inside, a durable, waterproof expandable pouch organizes small items like batteries and chargers, keeping everything neat and ready for any adventure.

Molle Panel

Flexible mounting for various items.
Aluminum alloy construction with sandblasted oxidation for a smooth, premium finish.

Lid Organizer

Adds storage space for 10-20 outdoor items.
Features an internal PP plastic panel for a rigid yet sleek structure.

Divider Panel

Flexibly partitions storage space.
Modular snap-in design for quick setup, seamless storage efficiency.

Universal Multi-Purpose Foam

Customizable sizing - easily tears to fit any item dimensions.
Impact-resistant and wear-proof for superior protection.
Pre-scored blocks for convenient, fast-tear customization.

Rugged Case Top Molle Panel

External Expansion

The gear box also excels in external expandability. Thoughtfully designed mounting points on the lid allow you to easily attach essential outdoor gear such as flashlights, solar chargers, and more. Whether you're embarking on a long overland journey or a quick weekend campout, this box's robust external expansion capabilities have you covered every step of the way.

► Anti-Theft Integrated Quick-Release Structure

The outdoor gear case includes a quick-release base designed for automotive adventures. Compatible with the FLEX system, it features a tool-free, 2-step locking mechanism and a built-in combination lock for fast setup. Made with a carbon steel frame, the base offers strong load capacity and stable performance on rugged terrain and in harsh weather.

► More Features

Exclusive Tri-Color Limited Edition Badge Tags

Original classification system in yellow, white, and black.

Multi-purpose tags for marking and case identification, enabling quick visual differentiation.

Stronger and More Durable with Polyethylene Foam Core

Built for maximum protection, this case features reinforced construction and high-density polyethylene foam for superior impact resistance and cushioning in tough conditions.

Hydraulic Support for Easy Access

The hydraulic lid design makes opening the case effortless and smooth, with zero noise—delivering a comfortable and user-friendly experience. With just a gentle pull, the lid lifts slowly and steadily, allowing quick and convenient access to your gear. It also helps prevent accidental pinching, ensuring both ease of use and safety.

TIDE1000

TIDE1000 Outdoor Vehicle Mounted Duffle Bag is a high-performance gear solution designed for outdoor enthusiasts. Perfect for hiking, camping, cycling, fishing, and a wide range of outdoor adventures, this bag delivers reliable protection and practical organization in any environment.

WATERPROOF BAG TIDE1000 Outdoor Duffle Bag

Inspired by the spirit of exploration and the courage to face the unknown, TIDE is built to overcome obstacles and adapt to any terrain. Like the unstoppable tide, it keeps your gear safe and dry through raging rivers or heavy downpours.

With unmatched waterproofing and crush protection, TIDE is your trusted companion for any adventure.

Full-Submersion TOP-Tier Waterproof Performance

The TIDE series breaks new ground in waterproof technology, boasting an IPX8 waterproof rating to fully protect your belongings from rain and submersion. Like the tides, it reliably safeguards your gear through every ebb and flow.

SGS

Test and Certification Report
Certificate No.: GZMR220902907401 CN
* Valid until 06/30/25

1000D Double-Sided TPU for Superior Waterproof Performance

The main body uses 1000D double-sided TPU for full waterproof protection and long-lasting shape retention. The middle layer features tough, abrasion-resistant Cordura® nylon. The shoulder strap is made from durable 600D polyester, combining tear resistance with comfortable carrying under heavy loads.

Wide-Mouth Design for Instant Access

Engineered for convenience, the oversized opening allows quick, hassle-free access to your gear. Open the bag at your destination and effortlessly locate items based on your organized layout.

► Versatile for Multiple Scenarios, Ready for Any Challenge

Designed with adaptability in mind, this storage bag is built to handle a wide range of outdoor activities. Whether you're on a road trip, paddleboarding, motorcycle touring, or kayaking, it delivers reliable protection and convenience wherever your adventure takes you.

Road Trips

Paddleboarding

Motorcycle Tours

Kayaking

TIDE500

TIDE500 Duffel Bag is not a consumable product, but an inheritance carrier of the outdoor spirit, it will guard your hot pillow in the rainstorm, witness your courage on the gravel road until it accompanies you to reach the next peak of your life!

TIDE500 Duffel Bag is not a consumable product, but an inheritance carrier of the outdoor spirit, it will guard your hot pillow in the rainstorm, witness your courage on the gravel road until it accompanies you to reach the next peak of your life!

IPX6 excellent waterproof performance

high-dense waterproof fabric superimposed on the compression adhesive process, storm wash without fear of leakage.

Three-layer composite fabric to solve all kinds of outdoor difficulties.

With 500D PVC waterproof fabric and three-layer sandwich mesh design, the outdoor performance is fully advanced, and each layer is fighting against extreme environment.

Abrasion and moisture resistant PVC film

Strong tear-resistant mesh

Wear-resistant and moisture-insulating PVC film

35L capacity, full-opening design

One pocket with large opening design to access the gear inside the bag, full set of gear storage.

Arcane Warrior black and yellow genes, reconstructing the outdoor vision.

It's not just the color, it's the will to survive engraved in the outdoor DNA that makes every hair retention a focal point in the cross-section.

► Multi-scene Adaptation

Carrying/backpacking/carrying easy to switch, protection is not limited, a bag to cover the full range of outdoor needs.

VERTEX₅₀₀₀

VERTEX5000 Extends Your Vehicle's DNA with Rooftop Space. As the new cornerstone of our TrendPlay series, the VERTEX5000 isn't just a conventional storage container. It embodies the dual demands of urban light outdoor enthusiasts, redefining the value of "cargo capacity." More than that, it represents the free spirit of the take-play warriors.

OUTDOOR GEAR BOX Rooftop Outdoor Gear Case

As a symbol of summits and a testament to fearlessness, VERTEX embodies the defining moments of life's journey—the peaks we conquer and the horizons that await. When you reach your next summit, the world unfolds anew. This adventure has no finish line.

Design Inspired by Postmodernism. Fusing streetwear DNA with hypercar aesthetics, the VERTEX5000 breaks free from traditional luggage constraints. Its fractured, dynamic form redefines visual power, merging avant-garde style with functional rebellion.

Enhanced flexibility in installation

Patented Crossbar Clamps. Secure, tool-free installation with adaptive adjustments to fit any roof contour. Lock it in place for rock-solid stability without compromising sleek aesthetics.

Dual-Access Revolution

Bidirectional openings eliminate single-direction limitations. Access gear from either side—no flipping, no fuss. Save time, maximize efficiency, and keep your focus on the journey.

A Secure and Minimalist Defense

The final design of the suitcase features a simple and user-friendly anti-theft operation. However, beneath its streamlined exterior lies a complex integrated central locking system that ensures the utmost security for your belongings.

► Borderless Design

Adventure Without Limits. Shattering traditional "flanged" luggage norms, we introduce the first-ever Borderless Concept Design—featuring seamless alignment between the case's upper and lower shells for a sleek, unified profile.

Borderless

Customizable Style

For gear enthusiasts who crave creativity, the VERTEX Outdoor Gear Case is your blank canvas. Redefine its look with vinyl wraps or custom coatings—your style, your rules.

Space Expansion

Ditch cramped trunk storage. Unlock 300L of extra capacity with our innovative rooftop case system, freeing up cabin space and enhancing airflow for a clutter-free journey.

Quick-Release Patented Base

The black-coated vehicle awning features an added sun-blocking layer that effectively blocks UV rays, providing UPF 40+ sun protection. The black coating technology delivers powerful sun defense, making it easy to handle various weather challenges.

BRAVE GRITTY POWER

Across wind-whipped ridges and rain-swept valleys—the Arcane Warrior Rugged Cargo Case stands as a silent, minimalist guardian. Its crisp geometric edges resist the jaggedness of the wild, while the super-durable, impact-resistant shell conceals composed order within. Modular compartments organize knives, ropes, and survival lights, taming chaos with every open and close. The sealed, splash-proof design keeps mud and moisture locked out—beyond the reach of civilization. Crafted with reason to contain the wild, so every journey begins light and ready.

OUTDOOR GEAR BOX Outdoor Gear Box

The BRAVE, GRIT, and POWER series outdoor gear boxes, with their excellent design, outstanding performance, and complete range of sizes, have always been popular best-selling products of ARCANE WARRIOR. The BRAVE series is brave and fearless, resistant to pressure and impact; The GRIT series is tough and durable, with a sturdy carbon steel structure; The POWER series is powerful and practical, with strong storage capacity.

Multiple Size Options

A comprehensive range of capacities, shapes, and colors designed to meet a wide variety of storage needs.

Outdoor-Grade Triple Protection

Designed to resist water, dust, and moisture, it's IP67-rated—fully waterproof even when submerged in 1 meter of water for up to 30 minutes.

Compatible with Foam Dividers

Offers greater customization and enhanced protection for your gear. Ideal for organizing and securing precision equipment.

► Rugged Protection Performance

Premium waterproof, dustproof, and drop-resistant capabilities with excellent high-temperature tolerance and impact resistance. Designed to withstand heavy rain and water splashes, effortlessly coping with various harsh outdoor environments.

RECOVERY GEAR

RECOVERY

The Off-Road Gear Master Recovery is a high-end collection of rescue gear, precisely engineered to withstand the most demanding and complex outdoor conditions. This series is specifically designed to adapt to diverse off-road terrains — from rugged mountain paths and muddy wetlands to soft sandy surfaces. The form, structure, and functionality of each piece are meticulously optimized to ensure unparalleled mobility and reliable support during all movements in challenging environments.

RESCUE BOARD

ATR All-Terrain Rescue Board

The ATR All-Terrain Rescue Board features an original design that balances practicality and durability. From hand sketches and 3D modeling to prototyping, every step reflects meticulous design intent. Equipped with an ergonomic handle for comfortable and secure grip, the board allows for easy handling. Its stackable and lockable structure maximizes space efficiency. Dual-ended shovels facilitate effective removal of mud, sand, and snow.

- **For vehicle-mounted installation, the use of the optional PRO ring bolt is recommended.**

Made of high-strength SUS305 stainless steel with bright electro-coating, this corrosion-resistant component secures fuel cans and gear above the ATR All-Terrain Rescue Board platform. For vehicle mounts, use the optional PRO ring bolt.

-40°C Impact Resistance

Crafted from high-strength PA6-nylon with a proprietary material blend, this component is engineered to withstand extreme outdoor conditions. Capable of enduring continuous bending for 4 hours without cracking, even under large bending angles, it remains flexible and resilient in temperatures as low as -40°C.

Branded Emblem & Integrated Anti-Slip Spikes

Features the Warrior's Heart totem, embodying strength and resilience. Its integrated molded spikes ensure secure grip and stability on rough terrain.

10 Ton High Load Capacity

Suitable for various off-road SUV models, Effortlessly lifts fully loaded vehicles, constructed with 4.65 kg of premium materials, ensuring exceptional strength and reliability.

FLEXIBLE SHACKLE

Soft Shackle

Made from bulletproof-grade, abrasion-resistant fibers

Commonly used in ballistic vests, this high-performance material offers strength up to 15 times greater than steel.

Reinforced dual-line neck design

Engineered with a dual-line neck to significantly reduce the risk of breakage. The thickened rope construction enhances tensile strength, ensuring superior durability and long-term performance under heavy loads.

LOAD SHACKLE

Warlord Shackle

CR40 High-Grade Alloy Steel & 6061 Aluminum Alloy

Combining CR40 high-grade alloy steel with 6061 aluminum alloy, this component offers excellent overall mechanical performance, including superior strength, toughness, and durability.

6T Maximum Load Capacity & 480h Salt Spray Corrosion Resistance

Engineered to support up to 6 tons of load, with outstanding corrosion resistance proven through 480-hour salt spray testing. Compatible with rope drum disassembly systems for towing applications.

RESCUE KIT

Warrior's Heart Basic Outdoor Recovery Kit

► Kit Includes

- Warrior Pack Outdoor Storage Bag ×1
- Warrior's Heart Tow Strap ×1
- DOMINATOR Soft Shackles ×2
- Warrior's Heart Tactical Gloves ×1

FIRST AID KIT

QUICK Vehicle Emergency Kit

The QUICK Rescue Series core principle: Speed ensures safety. It delivers rapid precision, turning danger to control instantly. Time never stops, but QUICK moves faster. Peace of mind at speed. Designed for the outdoors, the series focuses on three essentials: light weight, vehicle compatibility, and ease of use. QUICK is your reliable road companion, always ready to provide safety and confidence when it matters most.

600D TPU Material with IPX7 Waterproof Rating

Constructed from 600D TPU material with an IPX7 waterproof rating, this fabric delivers outstanding water resistance, dustproofing, and abrasion durability. Whether facing heavy rain, muddy terrain, or harsh outdoor conditions, it effectively blocks external elements to keep internal contents dry and protected at all times.

*IPX7 is an international protection rating indicating that the device can withstand immersion in water up to 1 meter deep for up to 30 minutes without sustaining damage.

Quick-Release Velcro for Fast Access

The emergency kit uses quick-release Velcro made and not, keeping items secure yet easy to access instantly in emergencies.

Multi-Layered Storage for Quick Access

The emergency kit features a multi-layered, compartmentalized design for organized storage, enabling fast and easy retrieval of supplies in urgent situations.

► Vehicle Application Scenarios

Equipped with multifunctional mounting points and headrest hooks, the kit can be securely fixed inside the vehicle or elsewhere. It can be hung on the car headrest, placed on the front passenger seat, or mounted on the exterior of a pickup truck—without occupying extra space.

Headrest Mount

Passenger Seat Mount

Rear Cargo Area Mount

Rear Tailgate Mount

Off-road Equipment Master
MASTER OF OFF-ROAD GEAR

The Master of Off-Road Gear outdoor rescue series stands out in the field of outdoor rescue with its exceptional design, reliable quality, and innovative technology. It serves as an indispensable and trusted partner, bringing greater hope and safety assurance to rescuers and those in distress.

TACTICAL GLOVES

OFF ROAD MASTERTACTICAL GLOVES

Featuring TPR rubber patches for impact resistance and enhanced joint protection against drops, these gloves combine softness and flexibility. They reflect the brand's dedication to detail and quality while providing reliable protection for every outdoor rescue mission. Equipped with touchscreen-compatible fingertips, they work seamlessly with most electronic devices.

Lightweight Craftsmanship, Durable Materials

Upgraded abrasion resistance with KEVLAR fabric for enhanced durability.

EVA Shock-Absorbing Padding on Palm

Effectively absorbs shocks, enhances abrasion resistance, and reduces hand fatigue.

Upgraded TPR Rubber Patch Protection

Soft and flexible material provides full-back hand protection, enhances joint support, and delivers superior shock absorption and impact resistance.

GLOVES

Warrior's Heart Super Tactical Gloves

3D Mesh Fabric + Composite Stair-Patterned Cloth

Enhanced breathability, moisture-wicking, and improved glove flexibility.

PU Material on Thumb and Index Finger

Touchscreen compatible for convenient use with electronic devices.

GLOVES

Ultra-Thin Half-Finger Anti-Slip Gloves

3D Mesh & Stair-Patterned Fabric

Breathable and moisture-wicking. Made with KEVLAR for enhanced durability.

Touchscreen Fingertips

Compatible with most touch devices.

GLOVES

Ultra-Thin Outdoor Tactical Gloves

Easy Finger Flexibility

Fingertips bend effortlessly with extra flex space.

Elastic Inner Cuff & Pull Tab Design

Ensures a snug fit around the wrist and allows for easy hanging.

TOW ROPE

Tow Rope

20% Elasticity to Reduce Vehicle Damage

Provides cushioning during heavy towing, preventing secondary damage to vehicles.

Made from 100% High-Strength Nylon Fiber

Selected for excellent aging and corrosion resistance, with high-density edges and reinforced stitching for enhanced durability.

TREE STRAP

Tree Saver Strap

Compatible with multiple rescue tools and situations.

Fits most off-road vehicle models.

High-Strength Stitching

Enhanced durability and reinforced for safe use.

(13t/3m)

EXTENDER

Extension Strap

Compatible with various rescue tools and winches.

Works with electric, hydraulic, and manual winches for diverse rescue situations.

Connects to Tow Rope for Extended Length

Used to increase rope length for towing and rescue operations.

(8t/20m)

CABLE FLAG

Cable Flag

Protection for Rescue and Safe Towing

Effectively reduces rebound injuries caused by tow rope breakage, protecting people and vehicles from harm.

Safety Warning with Reflective Strips

Equipped with reflective strips to alert personnel and vehicles, enhancing safety during nighttime towing.

PULLEY

Pulley

8t Load Capacity

Designed to fit most off-road vehicle models.

Increases Rescue Anchor Points

Compatible with various rescue equipment and scenarios, enabling directional changes in towing to reduce the load on the rescue vehicle.

ARCANE WARRIOR

Brand Merchandise

More than just products, our brand merchandise is a meaningful extension of the ARCANE WARRIOR spirit — a connection between us and every individual who shares the same passion for exploration and strength.

Each piece, from apparel and accessories to lifestyle items, reflects our core values and stories. Thoughtfully designed and crafted with care, these items bring the essence of ARCANE WARRIOR into everyday life.

Whether you're wearing it or using it, you're not just carrying a product — you're carrying a piece of our philosophy: be brave, explore bravely.

BRANDED MEDAL

Limited Edition Brand Badges

Each badge is a symbol of ARCAHE WARRIOR's journey — a mark of milestones that have shaped the brand's legacy. These limited edition badges are more than collectibles; they are part of our history. We will be launching a series of exclusive badge sets, including the "Battle-Worn Commemorative Box Set", honoring the spirit and stories behind every phase of our evolution.

LIMITED EDITION BLANKET

Winter Limited Edition Half-Plush Blanket

Winter Limited Edition Half-Plush Blanket — Mobile Warmth for Outdoor WarriorsEngineered for cold-weather adventures, this half-plush blanket features ergonomic design, triple-layer warmth, and versatile use—from car travel to campsite lounging. With wind-resistant fleece, anti-slip stitching, and detachable straps for secure setup, it's your go-to comfort shield wherever the road leads.

Reactive Dyeing Technology

Upgraded with safe reactive dyeing technology, this process ensures high color intensity and excellent colorfastness, keeping the fabric vibrant and looking new even after prolonged use.

Comfortable and Safe Sleep

Effectively eliminates static electricity, providing you with a healthy and cozy warm sleep during dry winter days.

Warmth Arrives and Love Fills Every Corner

Indulge in cozy home living with our high-density rabbit fur showcases—soft, luxurious, and irresistibly comfortable.

INSULATED TUMBLE

TRAVEL TUMBLER

Built for any weather, on the road or in the wild. Double-wall vacuum insulation and a copper lining keep drinks hot or cold for hours. Made from premium stainless steel, the TRAVEL TUMBLER is safe, durable, and leak-proof. Whether you're driving or camping, your drink stays just right. ARCANE WARRIOR thermal technology delivers temperature freedom anytime, anywhere.

Your Temperature, On the Go

Designed for temperature freedom, wherever you go. The double-wall vacuum body and copper lining lock in heat or cold, minimizing temperature loss. Keeps drinks hot at 70°C for 6 hours, cold at 1.6°C for 24.

Premium Austenitic Stainless Steel – Safe for Every Sip

It meets international food-grade standards and ensures no harmful substances enter your drink—pure peace of mind.

360° Leakproof Seal – Zero Drips, All Day

Equipped with a baby-grade silicone seal, this tumbler locks tightly with a threaded lid for reliable, leakproof performance. Built for both home and the outdoors, it's ready for every adventure.

VOLTUS
能量闪电Co branded series

LIMITED REAR PAINT Energy Lightning Tailgate Wrap

AW proudly introduces the all-new "Voltus" Energy Lightning Series accessories, blending the spirit of the outdoors with innovative design to ignite your passion for exploration. This brand series embodies a deep understanding and storytelling of unique outdoor experiences. Stay tuned for more exciting new releases, crafted to meet the expectations of every supporter.

Outstanding Texture, Effortlessly Versatile

Available in three classic colors (yellow, black, white), this versatile wrap suits sedans, SUVs, and wagons. It seamlessly enhances body lines with fade-resistant, UV-proof durability, adapting to temperature shifts while maintaining shape for unique visual appeal.

Eco-Friendly Durable PVC Material

Crafted from premium PVC, this material provides superior stability, corrosion resistance, and UV protection without fading. Temperature-adaptive to prevent warping/cracking, the eco-friendly design is non-toxic, odorless, and safe.

High-Precision Engraving Craftsmanship, Perfectly Detailed Fit

Precision engraving delivers superior texture and rigorous quality through meticulous steps—preparation, polishing, and finishing. It boosts decal adhesion, preventing fit issues like looseness or wrinkling from size errors.

► Each Color, A Unique Creative Touch

Choose from three distinctive colors—Snowy White, Dawn Yellow, and Phantom Black. Simple yet extraordinary.

Nationwide Store Network

Achieving basic coverage in all provincial capitals across the country.

Coverage extended to key transit cities at major travel destinations.

Providing nationwide warranty service and brand collaboration throughout the country.

► SAW Exclusive Operation Model

ARCANE WARRIOR's innovative SAW channel exclusive operation model breaks the drawbacks of the traditional distributor system. It achieves efficient collaboration and clear hierarchy from the brand to stores, effectively protecting distributor interests. S-Level: Regional senior authorized distributors with the highest authority, managing city-level and provincial-level distributors. A-Level: Core city-level authorized stores in each city, serving as key layers in ARCANE WARRIOR's nationwide layout. W-Level: Entry-level city satellite stores with lower thresholds, covering more remote cities. The SAW model uses tiered permissions, allowing distributors more flexible choices based on their actual situations, fostering better joint growth with the brand.
