

# Strategic Projects & Innovation

*A Division of VOB Associates SL*

*VOB Associates SL is not only a leader in luxury real estate - we are also at the forefront of strategic development*

*and innovation across the Middle East and Africa.*

*Through our Strategic Projects & Innovation Division, we collaborate with institutional and sovereign partners to deliver*

*sustainable defense, technology, and infrastructure solutions. Our work is conducted in close cooperation with Raspberry Global*

*([www.raspberryglobal.com](http://www.raspberryglobal.com)) and E-Strategija ([www.e-strategija.com](http://www.e-strategija.com)), a Lithuanian defense technology integrator and government advisory group.*

*Core Focus Areas:*

- Defense & Security Technology: Deployment of unmanned systems (UAVs, sea drones), tactical protective gear, and synthetic explosives technologies.*
- Technology Transfer & Industrial Development: Establishing localized production facilities, enhancing industrial zones, and delivering technology pipelines from Europe into Africa and the Middle East.*
- Political Advocacy & Strategic Advising: Advising ministries and authorities on sovereign industrial planning and modernization.*

*Key Engagements:*

*Jordan: In partnership with JODDB (Jordan Design & Development Bureau), we are advancing joint*

*initiatives on drone assembly,*

*shell casing manufacturing, and explosive processing - supported by Raspberry Global and E-Strategija.*

*Ghana: Together with DIHOC (Defence Industries Holding Company) and the Ministry of Defence, we are supporting ECOWAS-aligned modernization, including tactical drone deployment, unmanned maritime systems, and protective equipment distribution.*

*Join Our Mission:*

*We collaborate with:*

- Government agencies and ministries*
- Defense contractors and manufacturers*
- Sovereign wealth and development funds*
- Infrastructure developers and NGOs*
- Innovation-led startups and R&D partners*
