

Dear TCC Families,

Are your kids ready for an amazing summer adventure? TCC is so thrilled to offer you a summer program filled with fun and educational age-appropriate experiences provided by our caring and loving staff and teachers. Each week we will have a great theme that will encourage the campers to engage in whole-body learning and critical thinking!

Every week will include fun arts & crafts, a special guest or activity, music class, and splash day! We're here to provide all the fun that summer has to offer, with additional learning experiences to help them continue the growth they have been working on all school year. Flexible scheduling options will allow parents to enroll their children for one week, or for all 7 weeks of summer camp.

We are so excited to open registration up for all our currently enrolled students aged 17 months (as of June 1st) and up, on February 1st. We will open enrollment to those outside of TCC on February 15th to fill any available spots, so please make sure **to fill out the enrollment form ASAP to hold your spot**. Please follow this link to the enrollment form to secure a spot for your child today.

[2025 TCC Summer Camp Registration Form](#)

The cost is \$250 a week. A non-refundable enrollment fee of \$50 per week will be billed to you via brightwheel once we receive your enrollment form. This fee will hold your child's spot for the weeks you sign up for and will be subtracted from the weekly tuition price. The remainder of the summer camp tuition will be billed to you at the beginning of the month. June 1st for all camp weeks in June, and July 1st for all camp weeks in July. We will not be able to offer refunds for canceled attendance as we staff the camp based on enrollment numbers we receive.

Below you will find the schedule for each session and the rate. Please feel free to email Tiffany at tarrytownchildrenscenter@gmail.com with any questions you may have.

Sessions	Schedule: Monday - Friday 9:00 - 2:00	Rate
Session 1: June 2nd - 6th	Theme 1: Fun in the Sun - From the breezy beach to backyard sprinklers we will be kicking off our summer fun with a nod to all things Summer and a luau party to set it all off!	\$250 per week
Session 2: June 9th - 13th	Theme 2: Pirate Fever - Aye aye, mates! It's time to sail the seven seas in search	\$250 per week

	of treasure! We will search for buried treasure, engage in role-play fun, dress up as pirates and have an imaginary swashbuckling adventure! The opportunities are endless - and we can promise our little campers <i>won't</i> have to walk the plank as a result!	
Session 3: June 16th - 20th	Theme 5: Junior Chef - Campers will be encouraged to expand their taste buds while engaging in a well-rounded experience filled with culinary knowledge and fun!	\$250 per week CLOSED Thursday, June 19th in observance of Juneteenth
Session 4: June 23rd - 27th	Theme 4: Water Water Everywhere - This camp week is sure to make a splash with all our campers. There will be experiments, splashing, water balloon fights, and fun galore. As the students have fun cooling off and learning about the joyous fun that something as simple as water can bring!	\$250 per week
CLOSED FOR JULY 4th SUMMER BREAK		
Session 5: July 7th - 11th	Theme 5: Superheroes Assemble - The summer camp is in danger from the dastardly and devious Storm-Man! He means to make summer miserable for everyone, sending rain to wash away your summer camp. This calls for a superhero (or 15...) to the rescue! Our superhero theme will engage our campers to use their teamwork skills and work	\$250 per week

	together to save the day.	
Session 6: July 14th - 18th	<p>Theme 6: Dino Week - Everyone loves dinosaurs, right? These fascinating prehistoric creatures have been an engaging learning topic for hundreds of years, making this the perfect theme for our summer camp. Why not venture out and see if you can discover some fossils of your own? We could have the next generation of paleontologists right under our noses!</p>	\$250 per week
Session 7: July 21st - 25th	<p>Theme 7: STEAMsational - This week we will channel our inner scientist as we engage in fun experiments, encounter and think through engineering challenges, and use our imagination to create something new and different!</p>	\$250 per week
