A note from Master Formulator, Michael Scholes
“Wherever there is a poison, there is a remedy.”

We have remedies for every symptom, condition, emotion, and energy level, including sacred and signature blends. Our most sought-after formulations are now available in 100 Roll-on remedies, including 55 Standard, 35 Premium and 10 Limited Editions Signature Blends. They are highly concentrated, from formulations that have taken over 33 years to procure, and thousands of hours of knowledge, know-how and experiences combined. The remedies are available in five sizes (10ml, 15ml 30ml, 50ml & 120ml) and are formulated in a proprietary 67% organic serum base that contains anti-inflammatory and pain-relieving properties. Each remedy is also available in a Mist, Body Oil, Body Wash, Perfume, and concentrate. However, not every remedy is available in all options due to cost restrains and where we only use the delivery systems that are safe and effective for each remedy. Please visit rollonremedy.com and look up the options in any remedy you are interested in purchasing. All remedies are hand crafted, made fresh to order using the finest essential oils from around the world extracted from organic, wildcrafted, pesticide free and conventional sources that are all unique in their own way. We also use oils from serval extraction methods and countries or origin as well as rare and precious oil and absolutes.

Oils are standing by.....
Aromatically yours, Michael
