MIKE POMPEO ON CRITICAL RACE THEORY, 1619 PROJECT: 'AN ATTEMPT TO DIVIDE THE COUNTRY'

[The Epoch Times](#)

Former Secretary of State Mike Pompeo has weighed in on the national debate over the teaching of Critical Race Theory (CRT) and the New York Times's "1619 Project," warning of what he called an attack on the "central understandings" of a history shared by all Americans.

Pompeo on July 4 made a radio appearance on "The Cats Roundtable" broadcast on New York City's WABC 770 AM. When asked about his concerns and fears over America's future, he replied that while the nation has been resilient to threats, "some of the things that are being taught in our schools" are what is particularly worrying him.

"If we teach that that somehow this founding of the United States of America was somehow flawed, it was corrupt, it was racist, that's really dangerous," he told host John Catsimatidis. "It strikes at the ... very foundations of our country. I certainly worry about that."

MILITARY MEMBERS SAY THEY'LL 'QUIT' IF ARMY MANDATES COVID-19 VACCINE: CONGRESSMAN

Rep. Thomas Massie (R-Ky.) said he was informed by some members of the U.S. military that they would quit if the armed forces mandated a COVID-19 vaccine, coming after a report claimed that Army headquarters told commanders to prepare for mandatory vaccinations in September.

"I've been contacted by members of our voluntary military who say they will quit if the COVID vaccine is mandated. I introduced HR 3860 to prohibit any mandatory requirement that a member of the Armed Forces receive a vaccination against COVID-19. It now has 24 sponsors," Massie wrote on Twitter. He didn't provide more details.

TUCKER CARLSON SAYS THE BIDEN ADMINISTRATION IS SPYING ON HIS COMMUNICATIONS

America's Citizen Press

Carlson alleged that a whistleblower told him the National Security Agency (NSA) was surveilling his electronic communications. The whistleblower reportedly proved this by sharing information that could only have been gathered from Carlson's texts and emails.

The Fox News host also stated that they filed Freedom of Information Act requests for any information gathered about the show.

"Yesterday, we heard from a whistleblower within the U.S. government who reached out to warn us that the NSA, the National Security Agency, is monitoring our electronic communications and is planning to leak them in an attempt to take this show off the air," Carlson said.

At least 14 people were arrested and an Indian private hospital was cordoned off by police amid an investigation into an alleged vaccination scam that may have affected thousands of people.

"They were using saline water and injecting it," said Vishal Thakur, a senior official of the Mumbai police department, according to CNN. He was referring to the alleged scam.

"Every fake vaccination camp that they held, they were doing this."
