experience the next evolution of scent diffusers & luxury scents

ScenToura opens doors....

- 84% increase in intent to purchase using Scent.
- 25% improvement in customer experience.
- 15% increase for in-store time and sales.
- 90% positivity increase in brand recognition

75% of emotions are triggered or accompanied by our sense of smell.
65% of people can recall an event, time or place based on scent.

Our sense of smell is our strongest component in recalling memories.

ScenToura's journey began with a memory, a connection to places visited, and a deep curiosity of what natural aromas came together to create a memory. Inspired by the enchanting scents that lingered in the air during travels.

ScenToura is a leader in the Scent Marketing and Branding industry. We work with our clients to design, develop and implement a higher level of brand awareness and improve the experiences for our clients in the home, business and automotive segments.

Our Focus

ScenToura offers a focused line of Scent produced with the highest level of ingredients. Our oils are non-toxic, Phthalate free, Vanillin free, Prop 65 compliant and IFRA certified.

All of ScenToura's fragrances have been rigorously tested in various residential and commercial applications and together with our professional Nano particle-Cold Air Nebulizing diffusers we guarantee the perfect, luxurious experience you've been searching for.

We offer an array of diffuser technologies to compliment your space both aesthetically and functionally for spaces from 300 sq feet to 30,000 sq feet.

We take the guess work out of diffuser setups and will recommend settings based on your environment along with refill schedules.

We will work with you to ensure you have exactly the scent experience you've searched for. Our team at ScenToura is focused on quality and service. Consider ScenToura your "tour guide" to a whole new world of scent exploration...

Our Diffuser Technology

All of ScenToura's diffusers are specifically engineered to work with our premium scents and utilize cold air diffusion technology.

Cold Air diffusion is the most effective process to ensure A complete distribution of aroma quietly and subtly while maintaining complete aromatic control and maximizing your scent journey.

Our diffusers are so efficient that based on average use, you can expect 2 - 3 months of optimal scenting per diffuser before refilling.
