Math has always been a hard subject for me, it was always difficult to understand and remember everything I learn

Identity and Self-Awareness

What do you like about
learning math?
What do you not like
about learning math?

I like the numbers
I don't like when you need to write all the work

Identity and Self-Awareness

What do you like about learning math?
What do you not like about learning math?

What i like about math is working with numbers , i've always preferred numbers over reading . It's definitely my stronger subject.

What I don't like about math is how some of the rules are confusing , but they also come up with ways to solve the problems easier. Pemdass help me remember alot.

Identity and Self-Awareness

What do you like about learning math?
What do you not like about learning math?

What I like about learning mathematics is that I learn new things.
What I don't like about math is that I'm not good at math.
type here...

Identity and Self-Awareness

What do you like about learning math?
What do you not like about learning math?

One thing that I like about learning math is when i actually understand it. It can be fun at times when it is not difficult.

One thing I don't like about learning math is learning something new and not getting enough time to learn it well.

Identity and Self-Awareness

What do you like about learning math?
What do you not like about learning math?

What I like about Mathematics is because it helps develop your mind and develop your mind and distract you from many things

I don't like them because just as it helps distract you, it also stresses you out.

Identity and Self-Awareness

What do you like about learning math?

What do you not like about learning math?

What I like about learning math is that it's usually pretty easy. What I don't like about learning math is when it's really complicated and there are a lot of steps involved.

Identity and Self-Awareness

What do you like about learning math?

What do you not like about learning math?

I like the that when u get it and learn it its actually fun and it to hard to want to know math

I dont like math..i dont like learning it and the fact that there are letters in math

Questions adapted CA TSEL

<https://www.cde.ca.gov/ci/se/tsselfawareness.asp>

Identity and Self-Awareness

What do you like about
learning math?
What do you not like
about learning math?

I like that math is easy right now but over time it will get harder but as long as i pay attention and ask questions I should be fine. The thing that I don't like about math is it can be confusing at times because there's a lot to take in when you don't know something and just be stuck for abit

Identity and Self-Awareness

What do you like about learning math?

What do you not like about learning math?

I mean, I wouldn't say I like to learn about math but, it's just something I guess I'm forced to do in school. I personally don't really like math whatsoever but you know, it is what it is.

Questions adapted CA TSEL

<https://www.cde.ca.gov/ci/se/tselselfawareness.asp>

Identity and Self-Awareness

What do you like about
learning math?

What do you not like
about learning math?

I like learning about math because it is my favorite subject and I find it interesting and fun. The only thing I don't like about learning math is when I don't understand and there is no one to explain it to me.

Questions adapted CA TSEL

<https://www.cde.ca.gov/ci/se/tsselfawareness.asp>

Identity and Self-Awareness

What do you like about learning math?

What do you not like about learning math?

Something I like learning about math is new equations that are interesting and getting the hang of them quick. Something I dont like learning about math is once i dont get the hang of it i just can't get it as much as I try.

Questions adapted CA TSEL

<https://www.cde.ca.gov/ci/se/tselselfawareness.asp>

Identity and Self-Awareness

What do you like about learning math?

What do you not like about learning math?

What i like is that i get to learn how to do it and i learn how to do math in different ways. What don't like is that i struggle with it. I struggle learning it as well but

Questions adapted CA TSEL

<https://www.cde.ca.gov/ci/se/tselselfawareness.asp>

Identity and Self-Awareness

What do you like about learning math?
What do you not like about learning math?

One thing i like about learning math is that when you really understand the concept it helps you with many more new concepts you further learn about. One thing i'd say i wouldn't like is you have to keep up and really pay attention to every step so that you're not wrong because even one step wrong can lead you to a wrong answer.

Identity and Self-Awareness

What do you like about
learning math?
What do you not like
about learning math?

I dont like nothing about math being totally
honest.

Identity and Self-Awareness

What do you like about learning math?

What do you not like about learning math?

I like getting to know step by step and knowing it is easy and I can solve it makes me proud of myself, and I do not like it when there are many steps.
