- ***The reasons our "Financing Made Easy" makes sense:***
 - ✓ Does not show up on the consumer's personal credit report.
 - ✓ It does build your business credit through Equifax, TransUnion, and Experian along with Dunn and Brand Street.
 - ✓ 100% financing|no vendor deposits are needed from the customer|we pay the vendor on the customer's behalf.
 - ✓ 650-850 credit scores are welcome. We do start-up companies, new locations, expansions, and new builds.
 - ✓ No penalty for an early payoff and it's transferable in case the property sells.
 - ✓ Approvals in one business day and we have DocuSign for quick one-day vendor funding on the customer's behalf.
 - ✓ Serving thousands in your industry for over 25 years with a 90% approval ratio.
 - ✓ **Starting at prime rate** for loans and leases:
 - ✓ After applying section 179 of the IRS TAX CODE, it subsidizes the rate down **in the 6's**.
 - Take advantage while it lasts because rates and credit criteria are always changing.

Say 'YES' to simple loans or leases. It's economical, flexible, and puts less demand on your cash flow. And it doesn't affect your traditional bank lines of credit. Use those for operating capital when needed!
