

# Preparing for a Natural Disaster?

Are you caring for a child/ren who has additional needs?

Do you need help planning for a natural disaster?

We help take the stress out of a pretty important conversation!!

## What can we do to help?

The Children with Additional Needs Working Group has secured funding to help 15 families/carers across East Gippsland to prepare for a natural disaster over the next 12 months.

## What happens?

We will sit with you side by side over two sessions (of about an hr each) and take you through a series of questions that helps form an Emergency Preparedness Plan. Best thing, we come to you!

## What do I get as a result?

- An emergency plan tailored to your family
- Extra information kept on a usb to help you in an emergency
- A child/ren "What about me" profile

## Who do I contact?

Jodie Simpson from CWANWG
