

Overview

Founded in 2006, Level Design Group is recognized as a multi-faceted Civil Engineering and Survey company. Our vision then and today remains the same: to provide accurate and reliable data on the design documents we prepare.

As a Professional Land Surveyor for Level Design Group, LLC, you will plan and/or execute all aspects of survey project work, including field operations. Additionally, you will be involved in business development and sales regarding survey services on an as needed basis.

Duties & Responsibilities

- Professional Land Surveyor will be responsible for reviewing, and stamping all survey work within the Company ranging from single family dwellings to 100+ Acre development parcels,
- Plan and implement procedures and systems to maximize operating efficiency,
- Participate in the writing of project related scope, budget, and QAQC,
- Monitor survey staff to maximize their potential,
- Develop and maintain positive client relationships,
- Serves as Company representative at all levels of operations,
- Some field work required,
- Other duties as assigned.

Required Experience - Education and Skills

- A MA or RI Professional Land Surveyor license or LSIT status is a requirement. A current NCEES record is preferred and ability to obtain Professional Land Surveyor license in other states is a plus,
- Progressive surveying and management experience,
- Associates degree or higher with a concentration in Surveying a plus,
- Valid drivers license,
- Successful experience in contract negotiations, budgets, and fee estimates,
- Experience in the production of Existing Conditions Field Surveys, Boundary Surveys and ALTA Mortgage Surveys,
- Must be eligible to work on federal and state projects,
- Be able to lift a minimum of 50 lbs,
- Experience in construction field layout of commercial, industrial, and residential building foundation
