

**Job Description:**

Level Design Group is currently seeking a responsible, highly motivated, and detail-oriented individual to join our Land Surveying department in Plainville, MA as a Survey Crew Member. Candidate must be able to work in a team environment.

**Responsibilities:**

The Survey Crew Member will work under the close supervision of the Survey Crew Chief and will perform duties related to survey work as directed by the Survey Crew Chief and Professional Land Surveyor. The work of the survey crew is physically demanding, this includes being able to lift up to 50 pounds. The candidate must be comfortable with typical work sites such as forests, residential construction sites, heavy and light surface street traffic conditions, close proximity to heavy construction equipment and any site condition related with heavy or light construction.

General instructions are received from a supervisor through discussions prior to beginning work; however, the employee is expected to use considerable technical judgment in the conduct of field work. Work is reviewed through conversation, field checks, the analysis of field notes and computations and evaluation of completed work.

**Required Skills & Required Experience:**

- 2 years prior experience in Land Surveying,
- Strong mathematical and organizational skills,
- Must have working knowledge of field survey equipment including ability to run data collector,
- Ability to download/upload projects,
- Ability to work in a crew of two or more individuals as well as working solo for certain tasks,
- Self-Motivated,
- Valid driver's license and ability to pass a driving record check and drug screen,
- Record of dependability,
- Physically able to work outdoors in all weather conditions,
- Lift a minimum of 50 lbs,
- Available for overtime as required by Supervisor.
