Please share any information or feedback you would like with the instructor...

Dr. Fouladkah is an excellent instructor. His enthusiasm for the subject is contagious. His knowledge of the field is greatly appreciated!

Very thorough and knowledgeable professor.

A lot of information in a short time

It was an amazing opportunity and experience. Really learned a lot and enjoyed it.

It does get very confusing when the food safety plan and the types of hazards v the plan you must write out. Otherwise it was simple to follow the flow.

Although this was admittedly overwhelming, it has been a very interesting experience that I look forward to applying to my career and future. Thank you!
