#### Comments

#### Please respond to the following questions:

#### 23. What is the best thing the instructor did to help you learn, and what should the instructor improve in this course?

- This instructor was extremely helpful and patient with the class. He incorporated many ways for us to learn and was very organized. (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- The class exercises are a great way of keeping us focused on the lecture and making sure we're understanding what we're learning. The only thing I would improve upon, which is difficult to do because it's not his fault, is the class activities for the certification. It's confusing because it applies to people in the industry so I wasn't sure how to go about doing those but that is a convo between us two as it's not something he can control. The exams are intense and seriously content-heavy so maybe just making the exams less bulky. Otherwise, Dr. Fouladkhah is easily the nicest professor I have ever had the pleasure of meeting. He seriously cares about you and how you're doing. (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- I loved this class it was so interactive and different from any other class I have taken here at TSU! (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- Always helpful, giving lots of time to guide all students with their course related problems. I am very stratified with the course and how it is organized. (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- The power points slides along with the in class discussions were very useful. The only thing I could see improving the class would be to send the power points and discussion questions out a little sooner, so students could look over the material before hand. (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- I learned about the rules and regulations of the food sector and about the bodies that are regulating them. Also I received FSPCA certificate which will be helpful for me in future. (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- The professor was very attentive. (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- Explained each section clearly through the PowerPoints and answered all questions clearly. (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)

#### 24. With reference to technology, tutorial support, and the prerequisite for this course, if applicable, what changes would you suggest to the University to make this a better course?

- It's a great class! (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- I am satisfied with Zoom and eLearn (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- Adding a lab time could be useful for this class, during non-pandemic times. (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- Guest lectures should be organized. (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)
- I don't have any suggestions the course was amazing. (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)

- More hands on activities (AGSC-5540-80-OL-82216-FA2020-FouladkhahAliyar)

### Comments

Please respond to the following questions:

#### 23. What is the best thing the instructor did to help you learn, and what should the instructor improve in this course?

- Dr. Fouladkhah is an excellent professor. He does the absolute best job of making students feel comfortable making discussion in class and is exceptionally knowledgeable in the area of food sciences. The in class exercises are definitely helpful to make sure the lectures are being retained and assists in requiring little to no studying outside of the class meetings (aside from exam preparation). (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- Invited a guest lecturer was the best thing, the power point presentations were too long and exhausting and did not need to be read word for word, the class exercises were too long and I was rushed through them each class, the instructor should speak louder so that the entire class can hear him, he should hand back our work as we progress so we can see where we can track our progress (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- Encouraged the students to participate in the FSMA training and we got certificates for that. (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- This course is top notch, one of the best courses I have ever taken, Much gratitude to the lead instructor Dr. Fouladkhah. I learned so much in the class and my knowledge on food policies and regulation has increased a thousandfold. I got FSMA certified and this is of a great help as a young food scientist. Dr. Fouladkhah was very respectful of his students' opinions and he was indeed of helpful all through the course. (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- Inviting guest speakers and resource persons to the class. Networking with industry personnel (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- Good course (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- Everything was well organised, I think it is perfect. Nothing else is needed. (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- Obtaining a certificate in the class and the invitation of a guest speaker (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)

#### 24. With reference to technology, tutorial support, and the prerequisite for this course, if applicable, what changes would you suggest to the University to make this a better course?

- It is my belief that a graduate program should incorporate education and training for the career students are seeking post-graduation. I am a graduate student in the food and animal sciences program. However, I would HIGHLY suggest that the Ag Dept consider branching into an individual food sciences and animal sciences programs. I say this because although this was greatly increased my knowledge in food sciences, I have no interest in food sciences, nor do I plan on pursuing a career related to food sciences. The course is a very thorough look at the policies and practices of food production/processing. I did not enjoy attending the class due to the lack of interest. This is in NO part of Dr. Fouladkhah, because he was exceptional throughout the course. It is my hope that the graduate school can change this for future animal science students, so that their education courses can be more applicable to their area of interest and research. (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- Microphone for instructor (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- The course should be taught in 2 semesters because it's extensive. (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- The course is perfect and I would recommend it to anyone that is willing to learn (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)

- more class time allocation (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
- Practical works related to microbiology can be added, as microbes play an important role on food safety. (AGSC-5540-80-82570-Fa19-FouladkhahAliyar)
