

FALL 1 2024

AVAILABLE TO SHIP JULY 15

Dear Friends,

I am so excited to introduce you to our new Fall 2024 collection. The following pages feature our first of three drops for the fall2024 season.

Elevated and refined, this first fall drop exudes a quiet sophistication that effortlessly complements any wardrobe. The styles are designed to be versatile, seamlessly transitioning from day to night, office to evening soirée. Impeccable tailoring ensures a polished look that is as commanding as it is chic.

Yet, in this refinement, we've woven a touch of playfulness into each design. A subtle ruffle, an unexpected detail, or a pop of color adds an element of joy to this collection. We hope you love it as much as we do.

Best,

Jamie Duffield
