# ACTIVATE SKIN RENEWAL

---

Sculptra stimulates natural collagen  
production to gradually restore firm skin<sup>1,2</sup>

PATIENT INFORMATION LEAFLET

  
SCULPTRA®

# COLLAGEN, A KEY COMPONENT FOR HEALTHY AND YOUTHFUL SKIN

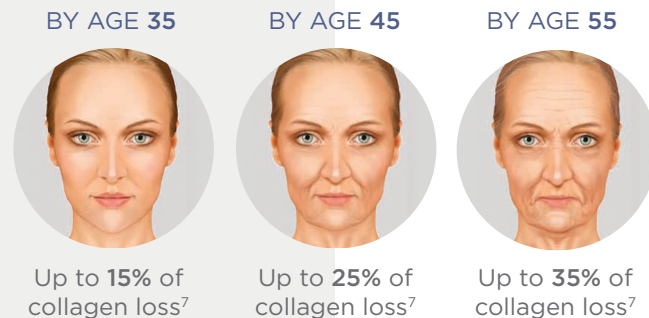

COLLAGEN IS ONE OF THE MOST ABUNDANT PROTEINS IN YOUR BODY, MAKING UP AROUND 75% OF YOUR SKIN<sup>3</sup>

Among the various collagen types, type 1 and type 3 are the most prevalent in the skin:<sup>4</sup>

- Collagen type 1 is the main structural component of the skin<sup>5</sup>
- Collagen type 3 plays a role in the processes of healing and repair<sup>5</sup>

WITH AGE, YOUR COLLAGEN LEVELS RAPIDLY DEplete<sup>6,7</sup>

Throughout adult life, about 1% of collagen is lost per year<sup>7</sup>

COLLAGEN HELPS IN MAINTAINING YOUR SKIN'S SHAPE AND FIRMNESS<sup>4,6</sup>

# SCULPTRA INCREASES LEVELS OF COLLAGEN

Sculptra is an injectable collagen biostimulator made from poly-L-lactic acid (PLLA)\*, a fully absorbed polymer which works deep into the skin to improve its inner structure over a series of treatments.<sup>1,8-10</sup>

PLLA MICROPARTICLES WORK DEEP WITHIN THE SKIN TO STIMULATE THE REPLACEMENT OF LOST COLLAGEN<sup>1,8-10</sup>

BY STIMULATING THE PRODUCTION OF COLLAGEN TYPE 1, SCULPTRA CAN GRADUALLY RESTORE SKIN FIRMNESS, QUALITY AND VOLUME<sup>1,8-10</sup>

The most common side effects after initial treatment include injection site swelling, tenderness, redness, pain, bruising, bleeding, itching and lumps.<sup>8</sup>

\*PLLA has been used in medical products for more than 30 years and has been tested for safety.<sup>11</sup>

# SCULPTRA OFFERS YOU PROVEN EFFICACY AND HIGH PATIENT SATISFACTION FOR MORE THAN 2 YEARS

INCREASE IN SKIN ELASTICITY AND IMPROVED OVERALL SKIN QUALITY AND RADIANCE\*<sup>12</sup>

12 MONTHS AFTER LAST TREATMENT<sup>†</sup>

Skin elasticity

Skin radiance

Skin smoothness

ASSESSMENT OF WRINKLES

PATIENTS SHOWING LONG-LASTING IMPROVEMENT<sup>†13</sup>

1 year after last treatment

1.5 years after last treatment

PATIENT SATISFACTION

PATIENTS SATISFIED WITH THEIR TREATMENT RESULTS 2 YEARS AFTER THEIR LAST TREATMENT<sup>14</sup>

\*Global skin quality improvement included radiance, smoothness, and pigment uniformity as well as a decrease of erythema index and pore size.

<sup>†</sup>Randomised, controlled, double-blind, multicentre study. Patients received 3 treatments every 4 weeks with either PLLA (treatment group) or saline (control group) injections. <sup>1</sup>Efficacy of Sculptra for the correction of nasolabial fold wrinkles based on Investigator's Global Evaluations.

# SCULPTRA HELPS YOU OBTAIN A MORE YOUTHFUL-LOOKING SKIN

Before

8 months after treatment

Actual patient. Individual results may vary. Treated with 3 vials of Sculptra, 3 sessions.

“Sculptra has made a massive difference to me. It's given me confidence and taken years off my face.”

CARA, 42

“I am absolutely delighted with the increased volume and improved skin tone and feel I look much younger and healthier!”

STEWART, 54

Before

7 months after treatment

Actual patient. Individual results may vary. Treated with 5 vials of Sculptra 3 sessions.

# TEST THE FIRMNESS OF YOUR SKIN

AS YOU AGE, YOUR SKIN WILL DEVELOP  
WRINKLES, SAG AND LOSE ITS ABILITY TO  
SNAP BACK AFTER STRETCHING

One simple way to assess if your skin has lost its elasticity  
and firmness is by pinching your skin.

- Does your skin feel looser?
- Does it take longer for the skin to bounce back?

ARE YOU LOOKING FOR A SUBTLE TREATMENT,  
ABLE TO OFFER GRADUAL AND LONG-LASTING BENEFITS?

WITH SCULPTRA, ACHIEVE  
MORE YOUTHFUL-LOOKING  
SKIN

ELISSA, 49\*

Before

45 days after  
2<sup>nd</sup> session

25 months after  
treatment
