**Warm-up Area** One labelled container per target odor being used in the trial on that day will be placed in the warm-up area. This will allow handler-dog teams to prepare themselves for the search prior to their run. (Chapter 5, Section 34 of the Scent Work Regulations).

**Trial Site.** It is not appropriate to scout the trial location prior to the trial date. Many search locations are real-life environments and such visits may risk the host losing the opportunity to use the location in the future. (Chapter 3, Section 15 of the Scent Work Regulations).

**Possession of Odors and Training.** Chapter 5, Section 35 of the Scent Work Regulations state "No person other than those engaged in the administration of a trial shall be in possession of any target odor when on the trial grounds. There shall be no training on the grounds of the AKC Scent Work trial, other than the designated warm-up area".

**Exhibitors are responsible for cleaning up after their dog(s).** Any exhibitor failing to do so may be excused without benefit of refund if the Event Committee deems the exhibitor to be in violation of this requirement. Cleaning supplies and disposal sites will be available at various locations around the show grounds.

**High in Trial (HIT)** Teams earning High in Trial in each level will receive a HIT rosette.

One HIT winner is chosen for **each level**; there is not a separate HIT for the Novice A and Novice B sections.

The HIT is determined by adding each team’s faults across the elements. If there is a tie based on faults, then each team’s times across the elements will be summed and the faster-finishing team wins.

**High Combined Division Trial (HCD)** Teams earning High in Trial in each level will receive a HIT rosette.

Only teams who participate in all elements including Handler Discrimination in the same difficulty level offered (Container, Interior, Exterior, Buried, and Handler Discrimination), and qualify in each element, are eligible to win the HCD award. The HCD is determined by adding each team’s faults across the elements. If there is a tie based on faults, then each team’s times across the elements will be summed and the faster-finishing team wins.

Exposing a dog to an unsafe environment, distress or harm’s way will be investigated by the Event Committee. All persons attending this event waive any claim for damages against the Clubs, their members or agents, in the event a motor vehicle must be entered to rescue a dog from overheating or suffocation due to improper ventilation.

**Collars, Leashes and Harnesses.** During searches, dogs must wear a properly fitted collar or harness approved by the judge. A wearable camera such as a Go Pro may be mounted to the dog's harness, if desired. Leashes may be of any length and/or retractable. The leash should be made of plain, pliable material.

**All dogs must be on leash** at all times, and **retractable leashes may not be used when on trial grounds (except during judged searches)**.
