

Questionnaire for NEFA members as to their future vision for NEFA.

NEFA's purpose is to preserve and promote old-time fiddling and its related arts. As is happening to many other organizations, we are experiencing challenging times and are looking for feedback from our members as to our future.

1. What do you envision for NEFA in the coming years?

2. Do you wish to see NEFA continue as an organization. If so, are you willing to step up and serve in an officer or trustee capacity? These positions do not take a lot of time.

3. Are you willing to help out in other capacities, such as advertising monthly meets, if not able to serve in an officer or trustee position. Or doing promotions for NEFA.

4. How do you think that NEFA can grow our membership? Our core group is dwindling and needs reinforcements.

5. Please share any ideas that you have to keep NEFA as a viable organization.
