16R - 16 Relay

Panel Mount Relay Driver

The 16R is a DIN rail mounted relay driver designed for panel-based lighting control. Supporting up to 16 high-inrush devices (HIDs), the 16R offers reliable switching and easy integration with lighting control systems. Its compact form factor and robust design make it ideal for a variety of applications.

PRODUCT FEATURES

- 01** 16 Isolated HID Relay channels to allow for separate circuiting and optimal control of lighting environment
- 02** Provides live feedback of each relay using 2-wire connection and offers a low voltage trigger enabling relay to reduce high loads
- 03** Automatic device discovery and adoption via ARCnet
- 05** Overvoltage protection for enhanced durability and reliability

PRODUCT FEATURES

TECHNICAL DATA

Dimensions	4.5" H X 4.3" W X 1.36" D
Operating	INDOOR USE ONLY, 32 TO 100°F
Mounting	DIN RAIL
Output	(16) RELAY CHANNELS
Power (Input)	24V
Power (Output)	24V
