ABOUT LIFE TO PAPER

LIFE TO PAPER PUBLISHING INC.

Life to Paper Publishing Inc. (Life to Paper) is an independent publishing house, which helps diverse, mission-driven, heart-centred individuals put their life to paper and reach and inspire audiences and readers.

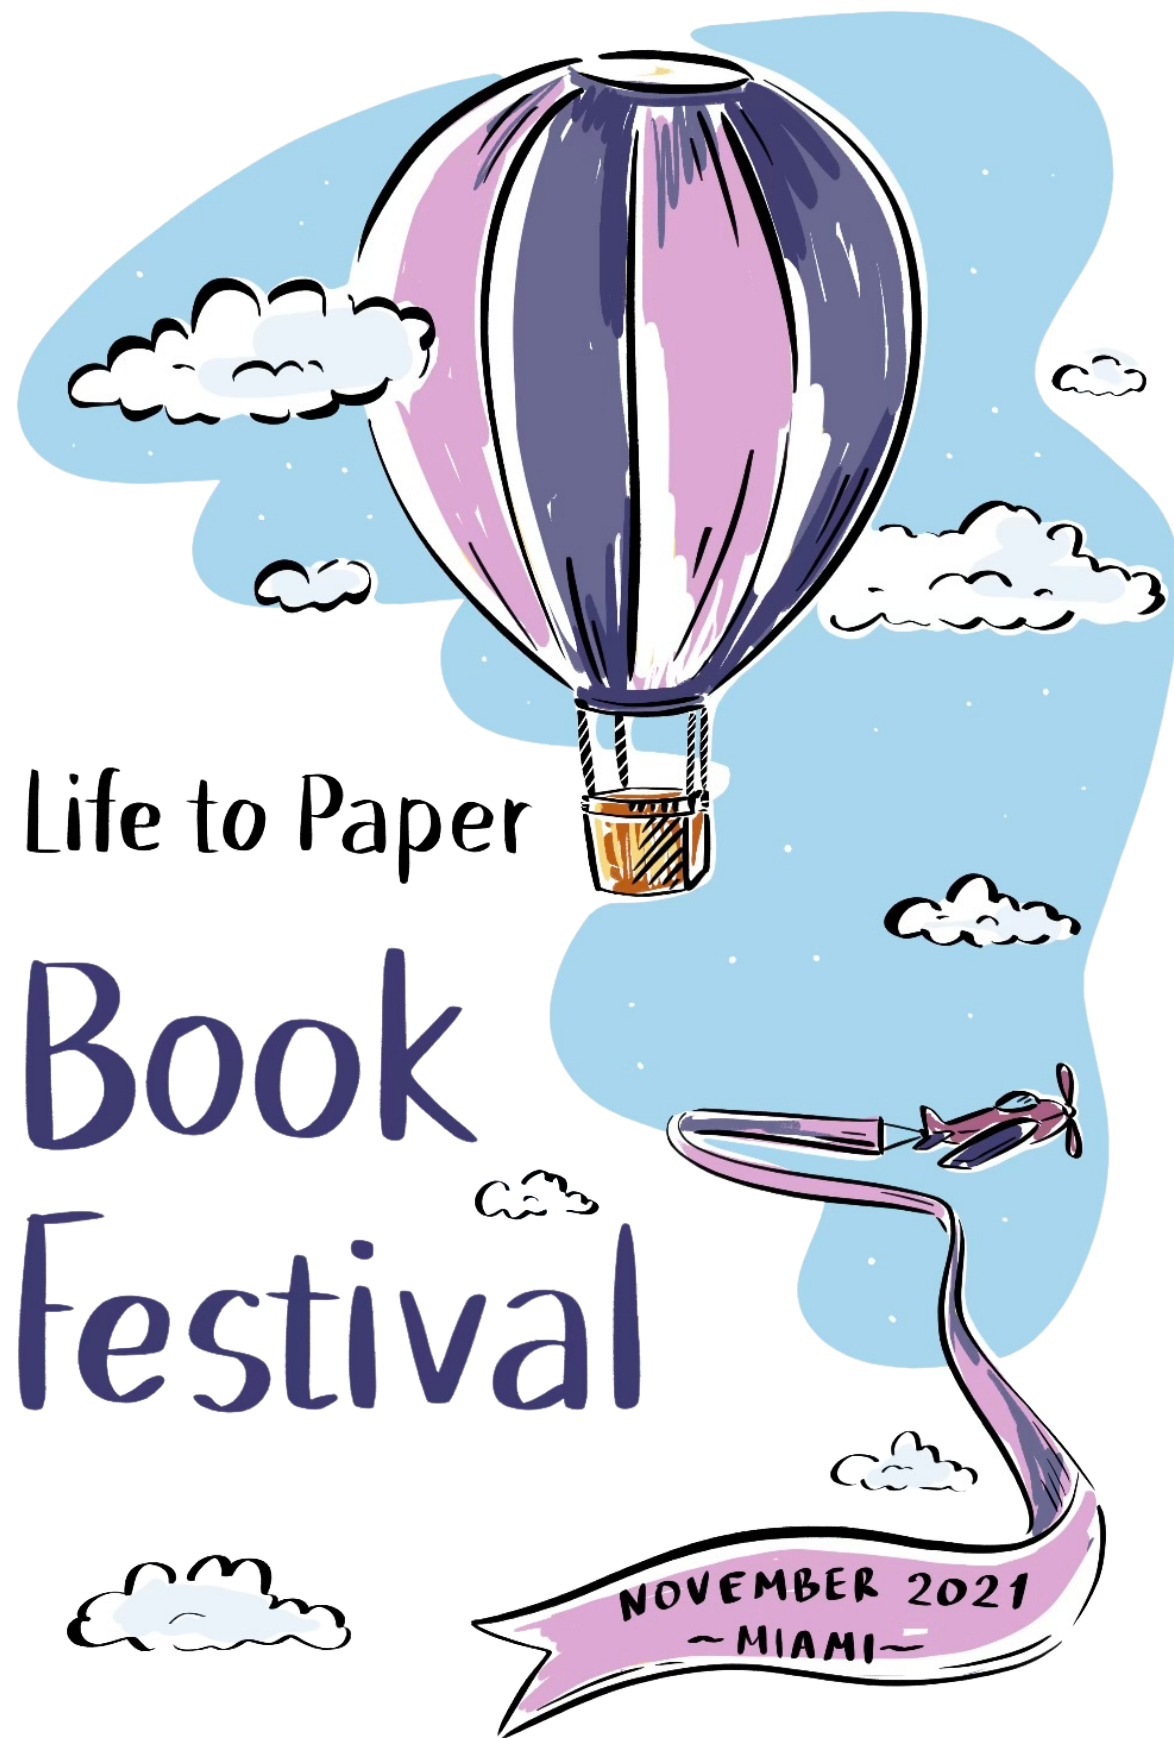

Life to Paper takes a unique approach to publishing, providing not only ghostwriting, editing and hybrid-publishing services, but also marketing, branding and public relations services, to help individuals take their story from "book I wrote once" to bestseller.

Thanks to our team and partners, we are able to distribute books worldwide that touch the lives and hearts of readers. We guide our authors to discover their unique gifts and empower them to start delivering these talents to the world; therefore, achieving their dream come true and beyond.

Life to Paper aims to allow others to see an author's deepest truths that guide them on a journey to stare directly into their own. We foster storytellers because we believe that "your story can be someone's spark," and change a life.

The Bookshop by Life to Paper is a physical bookstore, which serves the community of Buena Vista, Miami, Florida. We decided to open our doors even further, supporting local authors and artists and providing a place for future authors to commence working on their stories and workshop their pieces through our literary society. The Bookshop by Life to Paper is a place of inspiration and community, showcasing that, if you set your mind to it, you can write the book of your dreams, and we'll help you along the way.

Life to Legacy Foundation is Life to Paper Publishing's not-for-profit organization dedicated to educating and empowering individuals with courses, books and resources to write their life stories. We believe we can change the world one story at a time, and the Life to Legacy Foundation is our way of giving back to all the communities that deserve to have their stories shared.
