

UNDERDOG NEWS QUARTER 2, 2025

LET'S SPRING FORWARD
As the weather brightens

A brown and white dog, possibly a Border Collie, is lying down in a lush green field. The background is a soft-focus forest with tall trees and dappled sunlight. In the top right corner, there is a circular logo with a black border. Inside the circle, the text "SCOOTER'S" is at the top, "UNDERDOGS" is at the bottom, and "a non-profit dog rescue" is written in smaller text at the very bottom. In the center of the circle is a small image of the same dog's head.

THIS IS ONE SOLUTION.

Thank You,

For the generous grant which allowed
Scooter's Underdogs Rescue Inc. to:

Rent a shipping container AND storage
unit for hurricane relief storage

providing storage to thousands of pounds of pet food and supplies,
allowing us to continue to accept and distribute relief donations to
our community.

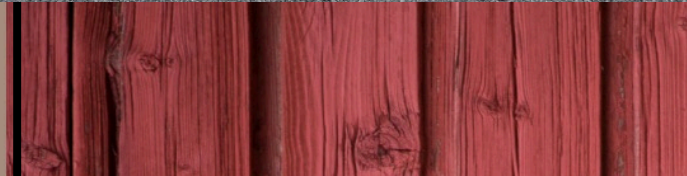

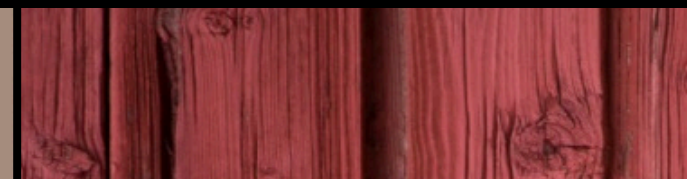

Replace our outdoor kennel destroyed in the hurricane

including the opportunity to have a stronger outdoor enclosure,
including heavy duty kennel wiring, a secure kennel roof, horse
mats and concrete blocks.

This grant allowed the rescue to extend relief efforts and provide
countless numbers of animals AND people with essential support
throughout the winter.

Thank you.

Each month this summer, "My Best Friend's Barkery" is rounding up for different animal groups in our area. Scooter's Underdogs received the honor of "Round Up For June" - a coincidence including we just named a dog June, who unfortunately crossed the Rainbow Bridge. Fundraisers for animal groups like Scooter's remains the lifeline to provide care for dogs in need!

LOST CAT REUNITED AFTER 607 DAYS!

Avery County NC Lost And Found Pets

Monica Leigh Oct 16, 2023

This is Miyu, he's about 10, flamepoint Siamese. Last seen 4 days ago near John Greer Road in Elk Park. He is an inside/outside cat and usually comes home after a few hours.

I miss him, I've had him since he was a baby and I'm so worried and sad, please keep your eyes open for him

Home SAFE after

607 days!

We always thought our “Darrel the Feral” was only another feral... but it turns out he wasn’t feral at all.

He showed up a few months ago skinny, beat up, and scared. Over months, we fed him, cared for him, and built him a little setup outside. Slowly, he started trusting us—but only recently did he let us touch his head and only for a second!

Then, while looking for a lost dog on the Avery Lost & Found Pets page today, we spotted a familiar face. Could it be... Darrel?

It was. After 607 days missing, Miyu is finally home. 🐾

He immediately relaxed when he saw his mom. He wasn’t wild—just lost and scared. He let us love on him too!!!

Never stop looking for your pets 🐾

☀️🐾 Hot Days, Cool Pets: Summer Safety Tips! 🐾☀️

Temps are rising, and while we’re reaching for iced coffee and shady spots, our furry friends rely on us to help them beat the heat. Here’s how to keep your pets safe and wagging this summer:

Never leave pets in parked cars. Even with windows cracked, temps can climb over 100°F in minutes—it’s deadly.

Walk early or late. Hot pavement can burn paws! Test it with your hand: if it’s too hot for you, it’s too hot for them.

Hydration is everything. Always provide fresh, cool water—whether you’re home, out on a hike, or just in the backyard. ✨Post Helene:

Let’s keep pets from drinking from untested sources of water, Leptospirosis and other bacteria can be deadly! Always keep some fresh water with you if hiking or walking.

Shade and fans matter. Make sure outdoor pets have a shaded area and decent airflow. Better yet, bring them inside when it’s sweltering.

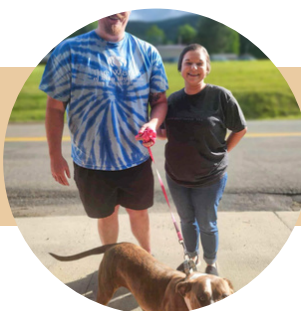

Snub-nosed breeds, seniors, double coated breeds, puppies and those with health issues are especially vulnerable. Keep a close eye on them.

WE LOVE OUR PETS LIKE FAMILY—AND WITH JUST A FEW EXTRA PRECAUTIONS, WE CAN ALL ENJOY THE SUNSHINE SAFELY.
