Brillo® Estracell®

No Scratch Scrub Sponge with Wedge Edge®

Your Deep-Reaching Scrub Sponge

This sponge is designed to clean delicate surfaces all over your home with its patented wedge shape. It's also made with unique fibers that rinse 10x faster than other sponges and dry faster, too. We've made a different sponge for each of your surfaces, so you can clean up without spreading bacteria around. This, plus the fact that bacteria won't grow on our Estracell sponges, makes them more sanitary.* That's why Brillo is one of the most trusted names in household cleaning.

- The Brillo Estracell Sponge **rinses 99.9% clean**, dries quickly, and is **MORE SANITARY**—it won't support bacteria growth... naturally!*
- **Works on delicate surfaces** and reaches deeper into hard-to-reach areas with a **Wedge Edge® design**.
- **Recyclable** and **Made in the USA**

* Independent test results demonstrate that bacteria will not feed and survive on the sponge fibers of Estracell sponge material naturally. The unique cell structure rinses cleaner and dries faster, eliminating the perfect breeding condition for bacterial and fungal growth. These qualities make Estracell more sanitary.

SPONGE WITH A PATENTED WEDGE SHAPE.
