Long Distance Service

A **Station-to-Station Call** is one on which you ask to talk to anyone available at the telephone called and do not request a specific individual, a department or an exchange telephone reached through a private switchboard. Charges begin when the number called has been answered.

A **Person-to-Person Call** is one on which you ask for a certain person, a department or extension telephone reached through a private switchboard. Charges begin when the calling person speaks to and receives a response from the called person.

To **Make a Long Distance Call**, ask for "Long Distance." Give the operator the name of the town you are calling, the telephone number if known, or the name and address of the residence or business firm being called, followed by your own telephone number. If you wish to talk with a specified person, also give the name of that person.

Special Rates for both Station-to-Station and Person-to-Person calls are in effect every night from 6 P.M. to 4:30 A.M., and all day Sunday. These rates are lower than corresponding week day rates on calls for distances of 50 miles or more. The minimum reduced rate is 35 cents for Station-to-Station calls and 50 cents for Person-to-Person calls.

REVERSAL OF CHARGES is permitted on both Person-to-Person and Station-to-Station calls without extra charge except on Station-to-Station calls of 20 cents or less for the initial period, which takes a higher rate when sent collect.

To **Obtain Specific Information** on any of the foregoing services, call "Long Distance." To secure charges on a call at the close of a conversation, notify the long distance operator when you place the call.

"The policy of this company is to provide at all times the best possible telephone service at the lowest rates consistent with reasonable earnings and fair treatment of employees."

Marine Through The Years

By James Taylor Dunn

1913

May 7 -- Pauline D. Wickman, the Stillwater Gazette reported, "has purchased and will move into what is known as the Ole M. Anderson place." Anderson, the village tanner, was the same whose tannery burned on February 18, 1885 (not the 10th as noted in Marine's published history) at a loss of \$1,000. For several years
