Who We Are

Established in 1995, ZXB Bearing specializes in the production of precision single, double row and angular contact ball bearings. With inside diameter sizes ranging from 2mm to 150mm, we also offer a wide range of material, closure, internal clearance, cage design and lubricant options. In working closely with our US and German based partners, ZXB Bearing has developed a reputation for the highest quality products at competitive prices. Our premium bearings are specifically designed as alternatives to other well known Japanese and European brands.

Typical applications for our precision and customized bearings include automotive, gearbox, electric motors, construction machinery, power tools, pumps, electronics and robotics. With sales offices in the US, Germany and China, our experienced sales and engineering staff are ready to support your ball bearing requirements.

Our History

- 
- 1995 Began as bearing export company for European and USA markets
 - 1998 Partnered with German engineering, design and distribution group to support OEM market in Europe. Developed manufacturing and quality control processes to compete with European and Japanese precision bearing manufacturers.
 - 2004 Established state-of-the-art manufacturing facilities near Shanghai, China for the production of high precision deep groove, miniature and angular contact bearings.
 - 2010 Development of ZXB Bearing as a premium brand.
 - 2012 Established ZXB Bearing Europe Headquarters in Eitorf, Germany, including sales, engineering, technical lab and warehousing.
 - 2014 Established ZXB Bearing USA Headquarters in San Diego, California, including sales, customs clearance and logistics.
 - 2015 Expanded additional USA sales office in Seattle, Washington.

Facts

- Headquarters: Shanghai, China
- Regional offices: Eitorf, Germany; San Diego, CA; Seattle, WA
- 2 factories
- 155 employees
- Annual sales revenue: USD16 million (2016)
- Annual production capacity: 20 million pcs

Our Advantages

We are proud to provide the following products and services to our customers:

- Premium quality bearings, comparable to top Japanese and European brands
- Professional technical support from our in-house bearing engineering group
- Custom made bearings regarding your demands
- Quick delivery and reliable service

Our Core Products

- Miniature Ball Bearings
- Deep Groove Ball Bearings
- Angular Contact Ball Bearings

Other Products

In addition to our ball bearing products, we also offer bearings in these categories:

- Needle Roller Bearings
- Cylindrical Roller Bearings
- Bearing Units
- Ceramic Bearings
- Rotary Table Bearings
- Track Rollers
- Plain Bearings

ISO9001 Certificate

The quality management system governing ZXB Bearing is ISO9001:2008 certified.

Customer Testimonials

“We just received the order from our customer for 6,400 pcs. 608-ZZ/MC5.

.....

The customer tested the ZXB bearings with the normal radial play and is very satisfied. It is compared by a 600 km test to SKF and they found ZXB was the same quality as SKF!!!!

Customer Testimonials

“I compared some brands. Result was that your 6011.2RS ZXB was well as the NTN-bearing!

NTN	60/30/75	V3/V4
NSK	48/120/66	V3
SNR	120/102/84	V3
NACHI	200/180/84	V2
ZXB	96/66/54	V3/V4

Ranking: Low band: NSK-NTN-**ZXB**-SNR-NACHI
Medium band: NTN-**ZXB**-SNR-NSK-NACHI
High band: **ZXB**-NSK-NTN-SNR=NACHI

Congratulations!
