A WARM WELCOME TO KATHMANDU

ASIAN MASTERS SPORTS CHAMPIONSHIPS 2027 | KATHMANDU, NEPAL

Dear Masters Sportspersons, Team Officials, Families and Friends,

The World Masters Sports Federation is delighted to welcome Masters sportspersons from across Asia and around the world to Kathmandu, Nepal, for the Asian Masters Sports Championships 2027. We look forward to a wonderful celebration of sport, friendship, inclusion and lifelong fitness in Nepal's vibrant capital.

Kathmandu city has not been affected by the floods. The flooding occurred far from Kathmandu, in areas near the Nepal–China border and along other distant river corridors. Kathmandu, Nepal's capital, remains separate from those affected areas and continues to welcome visitors and event participants. Participants can look forward to experiencing the city's rich cultural heritage, welcoming communities and renowned hospitality.

Public services and health authorities continue their important work to support community well-being, with public-health surveillance and routine health services helping safeguard residents and visitors. Participants can look forward to focusing on their sporting goals, meeting fellow Masters athletes and enjoying the warm hospitality for which Nepal is known.

We encourage all participants to prepare for their journey with enthusiasm, confirm their travel details with their airline and travel provider, and follow standard travel-health practices. Carry any regular medication you may need, choose safe drinking water, and consult a qualified health professional for personal medical guidance where appropriate.

The Championships represent the very best of Masters Sport: active ageing, determination, respect, cultural exchange and international fellowship. Every participant helps strengthen the spirit of sport and demonstrate that passion for physical activity and community has no age limit.

We look forward to welcoming you to Kathmandu for a memorable and uplifting sporting gathering. May your preparations go smoothly, your competition be rewarding, and your time in Nepal be filled with friendship, discovery and lasting memories.

With warm regards,
World Masters Sports Federation
