DVMA Breakfast & MotoVisions

by Gail Vasgerdsian

The Diablo Valley Mustang Association launched its 2026 season in style on Saturday, March 7th, with one of the largest breakfast gatherings in club history. The day began at the familiar BevMo parking lot in Walnut Creek, where eight Mustangs assembled for a spirited morning cruise to Katy's Korner. Engines warmed, coffee cravings activated, and the unmistakable rumble of DVMA ponies set the tone for a memorable outing.

Upon arrival at Katy's Korner, the group expanded to an impressive 23 members—our biggest breakfast turnout ever! The energy was high as members filled the tables, catching up with familiar faces and welcoming new ones into the fold. Between bites of breakfast favorites, the club reviewed upcoming events, with several members eagerly pulling out their phones to secure spots for activities like Snakes at the Farm.

The conversations flowed easily, blending car talk, event planning, and the simple joy of connecting with fellow Mustang enthusiasts. It was the kind of morning that reminds everyone why DVMA is more than a club—it's a community.

After breakfast, the adventure continued as 23 members and 15 Mustangs set out for Moto Vision in San Ramon to attend their Cars, Cameras & Coffee Spring Showcase. The route took the group through the lush, green beauty of Bollinger Canyon Road, a perfect backdrop for a Mustang caravan. The final climb up the hill to Moto Vision felt like a victory lap.

Upon arrival, DVMA made an impressive entrance. All 15 Mustangs were parked together, joined by two

President's Message from Derek Schaffer

I'd like to open this month's letter by thanking those of you who covered for me at our March General meeting; Chuck and Lisa, thank you very much. I knew I left it in more than capable hands. Wow, this year is flying by, and car activities are in full swing. Members, if you haven't already, please check out the calendar of events on pages 6 & 7. We have many options to choose from, and as always, we love getting as many of our group together as possible.

At the time of this writing, there are still spots available for our first two detailing days. These will be hosted by Mike Symmons at his home, and Frank Powell at Top Shop Auto. Thank you both for doing this. I'm sure they will be a huge success. Our past president Harry Davis' son Todd Davis will be instructing these events.

If you are not already signed up to help out with our car show in October at the Cobra Experience and would like to help, please reach out to Chuck or myself and we will get you involved. Pulling off a show of this size requires a lot of work. Last year's show was excellent with only a few hiccups. Let's make this year's show even better! Car show meetings are held one hour prior to our general meetings, 6pm-7pm at Fuddruckers in Concord on the second Wednesday of every month. General meetings end at 8pm.

If you have car related items you would like to sell, send pictures, description, and the price you would like to get, to: Diablovalleymustang@gmail.com and we will get it listed. One thing we have been working on is having a bigger social media foot print. Lisa and Blake are leading the charge here and doing a great job. All of you that have been contributing to our Facebook and Instagram account, please keep it up. Those who haven't yet submitted a story or photos, please try and make the time. We all like reading about the exploits of our fellow members.

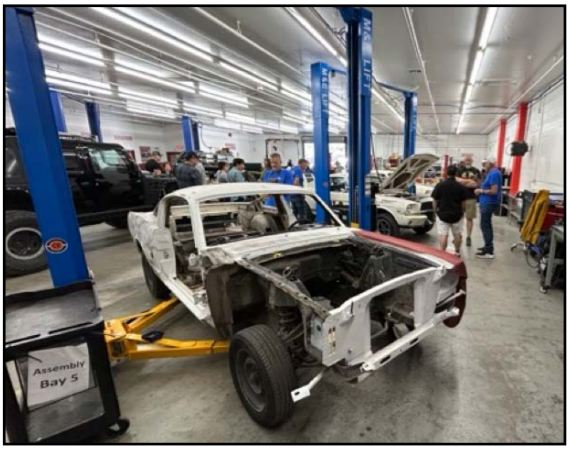
I for one am excited about this year. There are so many car events scheduled. Now which ones to attend?

- Derek

Adopt-A-Street, March 14

A small but determined group of DVMA members met up on Saturday, March 14th for Adopt-A-Street. Our numbers were few, but that did not keep us from leaving Diamond Blvd squeaky clean! Next Adopt-A-Street events are June 27 and October 3. Come out and join us in making Concord a little more beautiful!

Breakfast & MotoVisions, continued…



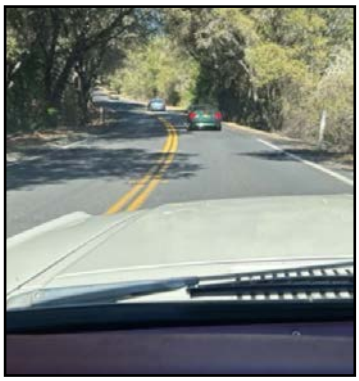
more that were already on-site. Seventeen Mustangs lined up in formation—an unmistakable statement of DVMA pride. A special "Thank You" to Jess from Moto Vision for securing parking for our DVMA ponies.

Moto Vision opened its shop doors for visitors to explore ongoing restoration projects and completed projects. One building featured three Mustangs in various stages of restoration, offering a fascinating behind-the-scenes look at the craftsmanship and dedication that goes into bringing these classics back to life. Members wandered through the shop, admiring the work and chatting with technicians about the process.

Outside, vendors served food and drinks, adding to the festive atmosphere. Two of DVMA's honorary members were also present with their businesses—Keith from RPM Insurance Group/Hagerty and Simon from Le Pit—making the event feel even more connected to the DVMA family.

With sunshine overhead, great company, and a fleet of Mustangs shining in the spring light, the day felt like the perfect kickoff to the car club season. The combination of breakfast camaraderie, a scenic cruise, and an engaging showcase at Moto Vision made for an outing that captured everything DVMA stands for: community, passion, and the joy of the open road.

Here's to many more adventures ahead—and to keeping those DVMA ponies running strong.



Under the Hood at The Cobra Experience

by Gail Vasgerdsian

The Diablo Valley Mustang Association kicked off spring with one of the most anticipated events of the year: the Under the Hood Tour at the Cobra Experience. Sign-ups opened in early February for the Saturday, March 14th event and DVMA members wasted no time—within a week, every spot was filled. Thirty-five lucky members secured their place for what turned out to be an unforgettable, behind-the-scenes adventure.

The day began with a warm welcome from Drew and Janet Serb, who graciously opened their beautiful home area and, more importantly, Drew's extraordinary Cobra restoration workshop. For any car enthusiast, this space was nothing short of jaw-dropping.

Members explored the shop floor, where multiple Cobras sat in various stages of restoration and rebuilding. The setup was a dream—every tool imaginable, meticulously organized, ready to bring these legendary machines back to life. Upstairs, aisles of Cobra parts stretched out before us, each shelf holding the pieces that help return these iconic cars to the road. There were even full-size body bucks used for hammering out perfect aluminum panels It was a sight that left even the most seasoned gearheads in awe.

From the workshop, the group headed back to the Cobra Experience, beginning the second half of the tour in the newly expanded library. The move to a larger space was clearly needed—this room now houses an incredible collection of memorabilia, documents, and historical records from Carroll Shelby's storied years with the Cobras. The archive also includes extensive documentation on Cobras built throughout the decades, making it a treasure trove for enthusiasts and historians alike. One of the current projects for the Cobra Registry is digitizing every photo available of Cobras, and assigning them to each car by VIN, thereby building a photographic history of each and every Cobra.

Next came the vault. Once again, members were surrounded by rare parts used to restore Cobras, Shelbys, and Mustangs. Several cars rested within the vault as well, each one a piece of automotive history. The atmosphere was part museum, part workshop, and entirely captivating.

The tour concluded in the main museum, where the full glory of the Cobra Experience came into view: Cobras, Shelbys, and Mustangs filled the space—each one a testament to American performance

engineering. For anyone who hasn't yet visited the Cobra Experience Museum in Martinez, this tour was a reminder: you're missing out! Check their website for open days and make the trip. It's worth every mile.

A huge thank-you goes out to Drew and his team for putting on such an incredible tour. Special appreciation also goes to Dave and Shorty, who kept the group moving smoothly through the workshop and vault. With so much to see, their guidance made all the difference.

If you missed this tour, don't worry—DVMA and the Cobra Experience are already looking toward offering another opportunity in the fall. Keep an eye out, because this is truly a once-in-a-lifetime experience.

After the tour wrapped up, many members hopped into their Mustangs (and other cars) and cruised down the highway to Kinder's for lunch. It was the perfect way to finish another memorable DVMA outing—good food, great company, and the shared passion that brings our club together.

Side Note: Photographs are not allowed in the shop or vault. If you would like to see the amazing sights inside the shop or the vault, you will have to join DVMA on the next tour…

Cars, Kids, & Coffee, March 15

by Erik Miller

Sunday, March 15th was the first Cars, Kids, & Coffee of 2026 at The Cobra Experience in Martinez. There was a fantastic lineup of Fords (and some other cars) in the parking lot that morning, plus of course coffee and donuts. The museum was also open for those who wanted to check out the historically significant automobiles on display inside. This is a fun, relaxed get-together that happens here every third Sunday of the month - stop by and check one out.

Concord High Auto Shop Teacher Needed

Concord High School's Automotive Instructor is retiring, and the school will be needing a new teacher to take his place. If you're interested, the basic requirements are: Have about 5 years automotive experience, ability to pass a background check, and have the desire to pass along your knowledge and experience to a new generation of students. Contact Greg Golsan at 925-687-2030, x3331 for more info.

Mini Mustang Donations Needed

DVMA Tour Coordinator Gail Vasgerdsian is looking for Hot Wheels or other small die-cast Mustangs for an upcoming DVMA event. They can be in or out of the package, and any year or color - as long as it's a Mustang! If you have any mini Mustangs you can donate, please contact Gail at 925-699-1464 or mgfbowl@comcast.net, or bring them to a meeting or DVMA event.

Presidential Ponies For Sale

Former DVMA President Harry Davis has two Mustangs up for sale, his 1985 SVO, and his 2006 GT. Don't worry, he isn't going to be without a Mustang - Whichever one sells first, Harry is going to keep the other one! Both cars are registered, insured, and smog legal. If you or someone you know is looking for a prize pony, get in touch with Harry at 925-768-4904.

1985 Mustang SVO, 2.3 liter turbo, 198 hp, 5 speed, 4.10 rear gears, 17" wheels, custom front seats, grey interior. $15,000.

2006 Mustang GT, 4.6 liter V8, 306hp/390tq, 20" wheels, 14" rotors, cold air intake, custom tune, black interior. $15,000.

Mustang Parts For Sale

After putting 850,000 miles(!) on her 1968 Mustang, and even displaying it at the 2012 MCA National Show in Concord, hosted by DVMA, Carol Marini was rear-ended and her beloved "Blue Beast" was totaled. She salvaged the good parts off of the car she bought new in '68, and still has some parts left for sale:

68-73 day/night mirror $35,
67-68 remote side mirror $55,
67-68 rear window moldings $30,
(3) 65-73 air filter elements $10
68 grille corral $25
68 quarter panel ornaments $30

Contact Carol at cmarini68@yahoo.com for more information. If you're interested in hearing about Carol & the Blue Beast's amazing tale, you can watch the ABC news story HERE.

2006 GT Convertible For Sale

2006 Ford Mustang GT, premium convertible, 4.6L V8, 5 speed auto transmission, 17 inch aluminum wheels, power top, rear deck spoiler, front fog lights, stainless steel exhaust, variable interval wipers, shaker 500 audio system, air-conditioning, 6 way power leather seats, center console, power locks, four wheel disc brakes, power steering, ABS, traction control, airbags, remote keyless entry with two keys, front seat side airbags.

This Mustang convertible GT is a one owner car with all the documentation of ownership and purchase, plus a stack of service documents from the dealer in the area where the owner lives. I am assisting the owner who is 90 years old in the sale of this car. I have a Mustang restoration business and am a certified Mustang Club Of America gold card judge. This car is in really good condition for the age. It was always garaged. It does have minor chips, but the paint is in excellent condition. The aluminum wheels have scratches. I just had it smogged the other day and it passed with no problems. The oil has been changed, new tires were put on last year, and a new battery just recently. All the power options work great. This Mustang is for sale as is, no warranty. To inspect this Mustang, contact John Haugrud at hogdude1800@outlook.com or 925-787-4476.

The owner is open to offers on this Mustang GT convertible.
