Re: SafeWatch Security Services, Inc.
Letter of Recommendation

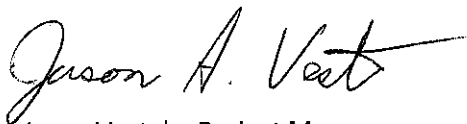

To whom it may concern:

I am writing this letter to highly recommend the services provided by SafeWatch Security Services.

During the past 4 months our company has utilized their service on a large construction site in Largo, MD that has a history of theft and vandalism. We worked with another security company prior to SafeWatch and had several issues/incidents occur under their watch. Since we made the switch to SafeWatch, I'm thrilled to report that we have had zero issues. This is the result of the time, effort and attention Mr. Cease has put into setting up the project for success in the beginning as well as continuously following up to ensure his company is providing the highest level of service possible. The constant communication and attention provided to this project by Mr. Cease is nothing short of impressive.

SafeWatch has done an outstanding job for us so I can confidently make this recommendation for your security needs. If you have any questions or would like more information, I would be happy to receive a call at the number provided below.

Kind regards,

A handwritten signature in black ink that reads "Jason A. Vestal". The signature is written in a cursive style with a long horizontal stroke extending to the right.
