SIGNAGE CATALOG

DIFFERENT TYPES OF SIGNAGE

TABLE OF CONTENT

Channel Letter Signs

04

Channel Letter Signs: Fixed vs Isolated. Isolated letters give a pristine standalone appearance while fixed letters are mounted on a raceway for easy installation (great for uneven wall surfaces).

Backlit Cabinet Signs

06

Backlit signs are bright, bold, and impossible to miss. Perfect for maximum impact covering lots of area, and making your logo stand out!

LED Digital Signs

07

Step into the future with digital signs! Clean clear images and the ability to slide through content makes them perfect for menus, events, and frequent updates.

Pole / Pylon Signs

08

Pole Signs & Pylon Signs are your roadside beacon! Tall and visible from afar, making them perfect for attracting customers and guiding them to your business.

Awnings With Graphics

09

Combine branding with practicality! Awnings with graphics offer the perfect blend of business promotion and weather protection for your entrances or windows.

Monument Signs

10

Elevate your business' presence with a monument sign. Durable, eye-catching, and built to last. Providing a distinguished and welcoming entrance.

Aluminum signs

11

Aluminum signs provide a lightweight and affordable solution for maximizing size. This sign is built to stand the test of time.

Banners

12

Banners are the perfect option for temporary signage or a budget friendly option. Banners are great for surfaces that are not perfectly flat or that have curvature to them.

Expert Installation

13

The team at VJF Contracting will make sure the work is done in a timely manner and that all work is done to code. When hiring a signage company it is important to ensure proper installation.

Light Poles

14

In addition to signage we also offer parking lot lighting and light pole installation and repairs.

Interior Signs

15

In addition to exterior signs our team can help with any interior sign projects you may have.

Permit / Drawings

16

At VJF Contracting we will take care of all of the permits / drawings required from the city your business is located in. Once our customers approve the design our team takes all the stress off of your shoulders and will manage the project to completion.
