

Comfort Inn & Suites

Located in Wheeling, WV, Comfort Inn & Suites offers 95 guest rooms, conference and meeting rooms, a business office, a spa, and an indoor pool next to a fitness center. These amenities contributed to an average \$6,500 monthly electric bill. The hotel installed ten Tune® Filters across 12 single-phase and three-phase panels. Comfort Inn & Suites reduced their average monthly electricity bill by 20% - saving \$1,300 a month or \$15,600 annually.

The hotel's total investment in Tune® filters plus installation had a **payback period of only nine months.**

Simple Energy Savings.

Tune® delivers **significant energy savings** in high traffic hospitality facilities.
