JONES FAMILY BEE REMOVAL

Save the Bees, Save the world

Due to the increase in calls! And efforts not to waste time for all parties involved. All inspections/assessments will be charged a dispatch fee, due at time of arrival via cash, check or Zelle Made out to Jones Family Bee Removal or by Credit Card (3.5% fee) prior to dispatch. We are unable to give you a cost over the phone for this service and I would be very cautious of anyone who does. Every job has different parameters we need to understand the entrance location of the honeybees, thermal image the colonies occupied area. The design material of the structure, the best approach for removal and what equipment we will need in order to give you an accurate estimate. Coming out to give an estimate is work, which requires gas and effort. Thank you for understanding.

East Contra Costa- \$150

West Contra Costa- \$200

Alameda County -\$250 -\$275 Depending on location.

Solano County - \$175

San Joaquin County - \$200

San Mateo County - \$300

Any areas past these will be \$250 plus \$30 an hour drive time round trip.
