

Trout-\$avings! Pin Program

We're excited to offer our pin savings program to festival goers again this year after an urgent medical situation didn't allow us to run it in '25 ! We're happy to be back and grow this program even more.

If you would please consider sharing this with your friends who are business owners, that would be a fabulous boost for your customers, and us.

Along with making the great decision to participate in this savings program, your role is to decide what savings you would like to offer customers who come into your business during the National Trout Festival® and are wearing the official 2026 pin. Suggestions would be:

- -lower set price on a product (ie cup of coffee, fountain pop, etc)
- -a percentage off the pin wearer's purchases
- -buy this, get that for free or at a discount
- -percentage off one particular item
- -let your imagination go crazy!

The NTF sells the pins at the Trout House (located downtown through the Wednesday of the Festival then moved to the Fairgrounds) for \$2 each. We begin selling the first week of April. We ask that your offer is valid from Wednesday, April 22nd through Sunday, April 26th. Please return this form to Debbie at info@nationaltroutfestival.com. If you have questions, please use this email or call 231-534-4377. Thank you for your time allowing us to present this opportunity.

Please make a copy of this form for your records.
