ELECTRONIC PRESS KIT

FORMED IN 1984

On the iconic Sunset Strip in Hollywood, CA – Erik Turner and Jerry Dixon started WARRANT. Getting their first record deal in 1988, their debut album Dirty Rotten Filthy Stinking Rich was released the next year including lead single Heaven which peaked at #2 on the Billboard Hot 100.

Following that success, their sophomore project Cherry Pie went on to solidify their place in rock history with their most popular hit of the same name. Both albums became RIAA certified multi-platinum. Still touring with active members to this day!
